

President Has Meeting With McKay; Talk Employment

By MARVIN L. ARROWSMITH
DENVER (AP)—President Eisenhower, set to confer with Secretary of the Interior McKay today, has approved a program he hopes will reduce spotty unemployment in industrial communities chronically plagued by the problem.

The confabing President gave his blessing to the program yesterday even as he received a rosy report that the over-all national economy is in "excellent" shape.

And on the international front he got a cheering prediction from Ambassador Henry Cabot Lodge Jr. that the United Nations General Assembly may take some "real action" on the Eisenhower plan for exchange of military blueprints with Russia—and for reciprocal aerial inspection. Lodge is chief United States delegate to the U.N. Business Conference.

For the first time since he was hospitalized with a heart attack Sept. 24, the President held two business conferences with important administration officials the same day—one with Lodge, the other with Dr. Arthur F. Burns, chairman of the Council of Economic Advisors, and Dr. Gabriel Hauge, the chief executive's personal adviser on economic problems.

On Saturday, the White House announced last night, Eisenhower will confer at the hospital with Secretary of Agriculture Benson, most likely on falling farm prices and what to do about getting them up.

After the meeting on economic affairs, Burns told a news conference that Eisenhower had asked "what some of us might be doing about the farm problem." Burns said they assured the President the problem is getting much study.

Unemployment Study
He also reported that they got Eisenhower's go-ahead on a program for attacking what Burns called "chronic" spotty unemployment in some industrial communities. The program—which Burns said could be termed a sort of home front Point Four plan—calls for:

1. Creating in one of the existing departments, probably either commerce or labor, a new agency to coordinate federal activities designed to reduce chronic joblessness—in, for example, New England textile areas and Pennsylvania and West Virginia coal regions.
 2. Provision of technical assistance by the new agency to distressed communities.
 3. Making loans in such communities, with the federal, state and local governments sharing the burden.
- Burns said details of the program have not been worked out, but he added the President requested "the work go forward promptly" so that legislation that is needed may be proposed to this Congress in January.
- Burns and Hauge — and Lodge too—gave cheerful reports of the President's progress as they see it up from the nonmedical point of view.

Three Couples Get Marriage Licenses

Marriage licenses were issued today at the court house to the following:

Backward Race Ends In Crash

A Puerto Rican farm laborer driving in reverse on Rt. 34 Monday night collided with another car whose driver likewise was driving in reverse to avoid him, Carlisle state police said.

The backward race lasted about a quarter of a mile, ending up about four miles south of Mt. Holly Springs, police said.

Neither driver was injured, but police arrested Isabela de Valle, 20, Gardners R. 2, on charges of driving without an operator's license and reckless driving. He paid a total of \$35 in fines before Justice of the Peace Clarence Starnes, Gardners R. 2.

Troopers said de Valle had been hailed by a pedestrian friend, stopped some distance ahead and began backing. Glenn C. Rickrode, 30, also of Gardners R. 2, coming up behind, stopped, and began backing in an effort to avoid the first car.

ELK OFFICIAL IS LOCAL GUEST MONDAY NIGHT

Marvin A. Swagert, of Red Lion, district deputy grand exalted ruler of the Elks, paid his official visit to the local lodge Monday night. He was guest of honor at a dinner, conferred with two students who received Elks scholarships, witnessed an initiation, attended a lodge meeting and then conferred with local officers on Elk business.

Kenneth Dengler, exalted ruler of the local lodge, presided at the dinner in the Elks dining room and presented H. Earl Pitzer who officiated at an informal program. Pitzer is a former president of the Pennsylvania State Elks Association, former district deputy grand exalted ruler, former exalted ruler of the local lodge and a member of the student aid committee.

Dengler introduced local officers and members of the local student aid committee.

Lauds Local Committee
Pitzer complimented the local committee for its "loial and unselfish service as members of this very important committee." He said the Elks lodge "is proud of the young students who received scholarships and who have accomplished so much in school." He explained how the scholarships are awarded, totalling approximately \$400 a year for four years, and how the students are guided in their advanced education.

Swagert was introduced and he presented a \$400 check to Thomas W. Baumgardner, of Green Park Union High School, formerly of Gettysburg, winner of this year's scholarship. He is now a resident of near Lysville.

Other Elk Officials

Miss Mary Mason, of Gettysburg, a former scholarship winner, was also introduced. She is a senior at Shippensburg State Teachers' College. Baumgardner's sisters, Patricia, Jane and Shirley, were also introduced, as was Mrs. Virginia Lawver at whose home Baumgardner resided while attending school here.

Visiting Elks here for the affair were: George W. Swartz, Clyde H. Zartman and Harold O. Price, all past exalted rulers of the Hanover lodge; William A. Frock, exalted ruler at Hanover; Charles A. Lucahaugh, exaltre of the Hanover lodge, and George H. Blaine, past exalted ruler of the Columbia lodge.

COUNTY WOMAN DIES MONDAY IN YORK SPRINGS

Mrs. Ozella B. Carl McDermitt, 57, York Springs R. 1, wife of Hugh I. McDermitt, died at her home Monday afternoon at 3:15 o'clock. She had been in her usual health until Monday morning, having traveled with her husband on Sunday.

Born in Adams County near Hunterstown, she was the daughter of the late William C. and Jennie B. Harmon Carl. Prior to her present residence she had lived in the New Oxford area. She was a member of St. Mary's of the Immaculate Conception Church, New Oxford.

Survivors besides her husband include one daughter, Mrs. Harold Jones, Carlisle, two sons, George R. McDermitt, Hampton, and Carl A. McDermitt, York Springs R. 1. Ten grandchildren also survive.

Funeral services will be held Thursday morning with a meeting at 8:30 o'clock at the Fred F. Feiser Funeral Home, New Oxford, followed by requiem mass at 9 o'clock in St. Mary's of the Immaculate Conception Church with Rev. Philip Gergen, celebrant. Interment in St. Mary's Cemetery, New Oxford.

Friends may call at the Fred F. Feiser Funeral Home Wednesday evening after 7 o'clock. Prayers will be held at the funeral home on Wednesday evening at 8 o'clock with Fr. Gergen in charge.

RENTING OF NEW CENTER SITE IS VOTED BY BOARD

The Adams County school board, meeting Monday evening at the Court House, authorized the county superintendent of schools to rent new quarters for the Day Care Center when such facilities can be found.

Superintendent H. Edgar Riegler told the board of the crowded conditions at the present location of the center on F. High St. "We have several possibilities for new quarters," Riegler said, "but so far nothing definite."

December 9 at New Oxford was set as the time and place for the annual convention of the Adams County School Directors. Committees to arrange for the convention were selected last month.

To Attend Meeting
The Day Care Training Center Teachers were authorized to attend a special meeting for such teachers to be held by the State Department of Public Instruction at Newville, November 21.

The county board spent some time going over the book keeping system that is being set up for the operation of the county's speech correction program and the Day Care Training Center, both of which are operated directly by the county board.

A number of transportation contracts were approved including, between Donald Wright and Upper Adams Joint School System, for \$2.80 per day; between Fred Rittase and Littlestown Joint School System, for operation of two buses at \$30.85 per day; between Lincoln Bus Lines and McSherrytown School board for \$2.11 per day. Contracts for drivers, at \$5 per day each, were approved by which Ralph Unger, John Ingram, Richard Thomas and Alvin Groff will drive for Littlestown Joint School System. Wilson Clapsaddle, John C. Hartman and Harry D. Burns Jr. will drive for Mt. Joy Township.

Five financial reports were approved. Fairfield Joint System reported income during the year ending in July of \$149,134.53 and expenditure of the same amount. Liberty Township had income of \$43,038.83 and expenditures of \$41,033.15. Lower Adams Jointure took in \$212,356.23 and spent \$206,666.23. Fairfield borough took in \$29,254.62 and spent \$28,474.52; Coneyague Township took in \$51,944.96 and spent \$47,425.91.

SOCIETY PLANS X-RAY SERVICE FOR PATIENTS

At the meeting of the Adams County Tuberculosis Society Monday evening a committee to study the possibility of and equipment necessary to give X-rays to hospital patients was announced with Dr. David C. Stoner, Raymond F. Sheely and James H. Allison representing the Adams County Medical Society, and Attorney Eugene Hartman, Dr. C. H. Johnson and Walter Keeney the Tuberculosis Society. The committee hopes to be able to report to the society and the hospital board before the new wing at the hospital is completed.

The society also called attention to the scholarship authorized for county nurses to take part in various workshops throughout the state. Interested nurses are asked to notify Dr. Lloyd C. Keefeauver or Edgar H. Riegler, county superintendent of schools, at the court house.

Miss Margaret McMillan reported on the society's participation in the new group formed by the Welfare Services and explained the society's activity with the Adams County Community Services Organization.

Increase X-Ray Program
Miss Elizabeth Evans, treasurer, reported a balance of \$1,078.43 in the checking account and \$5,724.24 in the savings account. This money will be used for the purchase of equipment for the X-ray program for hospital patients when the program is completed.

It was also reported that Adams County high schools had been furnished with materials for the essay contest sponsored by the association. Seal sale material is being prepared and sales will begin on Nov. 16.

It was noted that the free X-ray program had been increased from four days to eight days to take care of more people. The society furnished exhibits for the Rotary convention at Gettysburg College in the spring and for the Teachers' Institute in New Oxford this fall.

Mrs. Richard Lavinson, New Oxford, has been appointed director to serve on the Pennsylvania Tuberculosis Health Society for the coming year.

CANCEL VFW MEETING
The regular meeting of the VFW post scheduled for Wednesday evening has been cancelled because of the Halloween parade. Commander John Rummel announced today.

Winner And Participants in Dessert Contest

Miss Erika Kaseberg (left), R. 1, winner of the apple dessert queen contest conducted at Gettysburg High School Monday afternoon is shown with the three other participants. From left to right they are: Miss Marjorie Troxell, York County entry in the "pre-state" contest, Miss Shirley Holloway, Shermansdale R. D., Perry County representative, and Miss Kathleen Foltz, Mechanicsburg R. 4, the Cumberland County entry, who was runner-up.

BOOSTERS WILL BUY UNIFORMS FOR J.H.S. BAND

The Gettysburg High School Band Boosters voted Monday evening at a special meeting at the high school, to secure new uniforms for the junior high school band.

Mrs. E. J. Nowicki, chairman of the uniform and equipment committee, was asked to report at the November meeting on prices and types of uniforms available.

The present uniforms were purchased in 1941 for the senior band until two years ago. At that time new uniforms were purchased for the senior band and the old uniforms remade to fit the junior high band members.

Eighty-Five Join Band
So far 85 students have signed for the band, and there only about 60 uniforms available. Seven of those who reentered for the band dropped out because of lack of uniforms, it was announced.

Other reports showed "more than \$400" will be cleared from the recent sale of peanuts conducted. No special drive is planned to raise funds for the new junior high band uniforms. "Instead the band boosters plan a number of activities during the next two years which they hope will provide sufficient funds for the new suits."

Mrs. Harry Baker, president of the Boosters, presided at the meeting with 27 members present.

Funeral Rites Held For Horace Crouse

Funeral services for Horace A. Crouse, 62, of 218 Baltimore St., who died Sunday morning at the Warner Hospital, were held this afternoon at 2 o'clock from the Rev. Victor K. Meredith Jr., officiating. Interment was in Mt. Carmel Cemetery, Littlestown.

The pallbearers were: George Naugle, Howard Kitzmiller, Charles Lighner, Frank Forrester John Clapsaddle and J. D. Hay.

THREE BAPTIZED

Rosalie Ann Enser, Fred Morris Enser and Nancy Lee Enser, Brown's Dam, were baptized at their home last week by the Rev. Robert H. Rozach, pastor of the East Berlin Evangelical Reformed Church.

FRIENDS MEETING

There will be a meeting for worship at the Huntington Friends Meeting House, Littlestown Twp., York Springs, November 5 at 3 p.m.

CHIMNEY BLAZE

A chimney fire this morning ended a record for fire safety in Biglerville. The Biglerville firemen were summoned at 7 o'clock to extinguish a chimney blaze at the home of Dewey Bower, Biglerville R. 1. Fire Chief Paul Fesol said the fire was the first alarm for the Biglerville firemen since March 28.

Allen B. Pannell, a graduate student at Gettysburg college, will present acts of magic this evening at a parents' night covered dish supper at 6:30 o'clock and program to be held by Boy Scout Troop 73 in the Presbyterian Church social rooms.

The supper will be served promptly at 6:30 o'clock because of a number of other meetings this evening. It is planned to have the program completed by about 8 o'clock.

HEIRS TO SELL SECURITIES DUE TO PRICE BOOST

Heirs of the estate of Helen M. McKinley, late of New Oxford, have agreed to sell securities that were set aside as the share of one of the heirs and divide the profit, or loss, equally according to an agreement filed with the court yesterday.

The other heirs had brought exception to the report of the auditor, Attorney Eugene B. Hartman, appointed by the court to make distribution of the more than \$200,000 estate, when it appeared that stocks in one share of the estate had gained in value.

The contested share was that which went to the York Trust Co. as trustee of a one-fifth share of the total estate for the life benefit of Katherine Walker Sanger. The original distribution placed \$116.07 in cash and securities valued at \$45,012.50 in the trust fund for Katherine Sanger. At the time the amount was set aside, the value of the stocks and cash totalled \$45,128.57 or one-fifth of the total estate for distribution. Since that time, however, and prior to the final distribution, the stocks have gained considerably in value, according to the stipulation.

As a result the sale of the stock is directed and cash totaling \$45,012.50 will be paid to the York bank as trustee. The five heirs agreed that if the stocks bring more than the \$45,012.50 needed the surplus will be divided five ways. If the stocks bring less than that amount, the loss will be divided five ways.

EXPAND COOPERATION

"The history of the human race is traced somewhat in the history of each human. The baby knows only itself and its own wants. Then it discovers that by working with its brothers and sisters and parents it can get more. To the youngster first it is his family, then his block, then his school, then his community, then his state and finally, as he reaches maturity, his nation. Now we are trying through United Nations to expand that community of cooperation, among all nations."

LACK OF COOPERATION

"Lack of cooperation on the other hand leads to disaster. Greece formed an alliance among its city-states, and prospered. Then came enmity and attempts on the part of the larger states to dominate, and there followed years of Civil War, poverty and Greece was conquered. When Rome united the Mediterranean, and there was cooperation among all the states, the empire saw the greatest prosperity in history up to that time. But when political disagreement came, the empire fell apart, and the material prosperity was lost."

THE MIDDLE AGES

"The middle ages were marked by feudalism, in which each little section was on its own and there was little trade or commerce. Living conditions were at a subsistence level."

SAYS U.N. LEADS TO COOPERATION AMONG NATIONS

"The United Nations is a means for cooperation between nations, and history records that cooperation has paid off materially, whereas lack of cooperation has brought only economic distress and misery," Dr. Robert J. Bloom, of the department of history at Gettysburg College, told 200 gathered at the Gettysburg High School cafeteria Monday evening for the annual United Nations Day observance.

"Probably the first step toward cooperation began in the Nile Valley, when one Egyptian looked up, thousands of years ago, from building dikes and saw his neighbor doing the same thing and reasoned that two men working together could accomplish more than two separately. History records a constant extending of the area of cooperation. First between families, then people joined together in tribes, then city-states, and finally nations. And they found that cooperation on a larger scale meant more prosperity for all."

Guillermo Barriga, professor of Spanish at Gettysburg College and a retired commander of the Colombian Navy, spoke on "Spain from Two Viewpoints." The first, he said, was his findings as a student at the University of Madrid last summer, the other "the viewpoint of the Spanish themselves as they told it to me."

REPLANTING FORESTS

In World War II when Spain was cut off from imports, the trees were cut for wood. Now most of the forests have been replanted, "but most trees are only about ten feet tall."

Americans at seven bases in Spain, he said, are making a great impact on the Spaniards, and changing some of their customs. In Spain, he said, business begins at 10 a.m., breakfast is at 11 a.m., dinner at 3. The Spaniards then go to bed until six, have tea around 9 p.m., their evening meal at 11 p.m. and go to the theater at midnight.

"Thus the Spanish workers had much difficulty adjusting their lives to the American working hours in setting up the bases. But because so many are engaged in working for the Americans, they are adjusting their hours to the American routine," Barriga said.

Electricity is scarce in Spain, and as a result elevators carry passengers up — but not down.

Plans for the ceremony were announced by Melvin Baker, commander of Richard J. Gross Post 8896. He said that the state commander, Marlon O. Walter, Millersburg, other state and district officials will accompany the national commander.

The ceremonies will be held at the site of the proposed new post home on Locust St. Ext., East Berlin, to the rear of the present home.

AUXILIARY OF HOSPITAL HAS 688 MEMBERS

Active membership in the Auxiliary of the Warner Hospital now totals 688 according to a report presented by the membership chairman, Mrs. Wilmer Roth, at Monday afternoon's meeting of the auxiliary at the hospital. 37 are new members. 23 are honorary members and one is an affiliated member.

The program of having Gettysburg members operate the Snack Bar one month and county members the next month is "working out well" according to a report by the chairman, Mrs. Frank H. Kramer. Profits from the snack bar last month amounted to \$76.21.

Mrs. Bruce N. Wolff, Photo-Babe chairman, reported 84 pictures were taken of infants born in the hospital during the month, 80 were purchased by the parents and the profit to the auxiliary was \$60.50.

The house committee reported that purchases of new articles are being held in abeyance until completion of the new annex to the hospital. In the meantime funds are being accumulated to be expended for needy items when the annex is completed.

Guillermo Barriga, professor of Spanish at Gettysburg College and a retired commander of the Colombian Navy, spoke on "Spain from Two Viewpoints." The first, he said, was his findings as a student at the University of Madrid last summer, the other "the viewpoint of the Spanish themselves as they told it to me."

The Day Care Training Center Teachers were authorized to attend a special meeting for such teachers to be held by the State Department of Public Instruction at Newville, November 21.

The county board spent some time going over the book keeping system that is being set up for the operation of the county's speech correction program and the Day Care Training Center, both of which are operated directly by the county board.

A number of transportation contracts were approved including: Between Donald Wright and Upper Adams Joint School System, for \$2.80 per day; between Fred Rittase and Littlestown Joint School System, for operation of two buses at \$30.86 per day; between Lincoln Bus Lines and McSherrystown school board for \$2.11 per day. Contracts for drivers, at \$5 per day each, were approved by which Ralph Unger, John Ingram, Richard Thomas and Alvin Groft will drive for Littlestown Joint School System. Wilson Clappadise, John C. Hartman and Harry D. Burns Jr. will drive for Mt. Joy Township.

Five financial reports were approved. Fairfield Joint System reported income during the year ending in July of \$149,154.53 and expenditure of the same amount. Liberty Township had income of \$13,038.23 and expenditures of \$41,033.15; Lower Adams Jointure took in \$212,356.23 and spent \$206,666.23; Fairfield borough took in \$29,254.62 and spent \$28,474.52; Conewago Township took in \$51,944.96 and spent \$47,425.91.

SOCIETY PLANS X-RAY SERVICE FOR PATIENTS

At the meeting of the Adams County Tuberculosis Society Monday evening a committee to study the possibility of and equipment necessary to give X-rays to hospital patients was announced with Drs. David C. Stoner, Raymond F. Sheely and James H. Allison representing the Adams County Medical Society, and Attorney Eugene Hartman, Dr. C. H. Johnson and Walter Keeney the Tuberculosis Society. The committee hopes to be able to report to the society and the hospital board before the new wing at the hospital is completed.

The society also called attention to the scholarship authorized for county nurses to take part in various workshops throughout the state. Interested nurses are asked to notify Dr. Lloyd C. Keefeauver or Edgar H. Riegle, county superintendent of schools, at the court house.

Miss Margaret McMillan reported on the society's participation in the new group formed by the Welfare Services and explained the society's activity with the Adams County Community Services Organization.

Miss Elizabeth Evans, treasurer

reported a balance of \$1,078.45 in the checking account and \$5,724.24 in the savings account. This money will be used for the purchase of equipment for the X-ray program for hospital patients when the program is completed.

It was also reported that Adams County high schools had been furnished with materials for the essay contest sponsored by the association. Seal sale material is being prepared and sales will begin on Nov. 16.

It was noted that the free X-ray program had been increased from four days to eight days to take care of more people. The society furnished exhibits for the Rotary convention at Gettysburg College in the spring and for the Teachers' Institute in New Oxford this fall.

Mrs. Richard Livingston, new director, has been appointed director to serve on the Pennsylvania Tuberculosis Health Society for the coming year.

Winner And Participants In Dessert Contest

Miss Erika Kaseberg (left), R. 1, winner of the apple dessert queen contest conducted at Gettysburg High School Monday afternoon is shown with the three other participants. From left to right they are: Miss Marjorie Troxell, York County entry in the "pre-state" contest, Miss Shirley Holloway, Shermansdale R. D., Perry County representative, and Miss Kathleen Foltz, Mechanicsburg R. 4, the Cumberland County entry, who was runner-up.

BOOSTERS WILL BUY UNIFORMS FOR J.H.S. BAND

The Gettysburg High School Band Boosters voted Monday evening at a special meeting at the high school, to secure new uniforms for the junior high school band.

Mrs. E. J. Nowicki, chairman of the uniform and equipment committee, was asked to report at the November meeting on prices and types of uniforms available.

The present uniforms were purchased in 1941 for the senior band until two years ago. At that time new uniforms were purchased for the senior band and the old uniforms remade to fit the junior high band members.

Eighty-Five Join Band

So far 85 students have signed for the band, and there only about 60 uniforms available. Seven of those who reentered for the band dropped out because of lack of uniforms, it was announced.

Other reports showed "more than \$400" will be cleared from the recent sale of peanuts conducted. No special drive is planned to raise funds for the new junior high band uniforms, the band boosters decided, "because the public was asked only two years ago to provide funds for the senior band uniforms." Instead the band boosters plan a number of activities during the next two years which they hope will provide sufficient funds for the new suits.

Mrs. Harry Baker, president of the Boosters, presided at the meeting with 27 members present.

Funeral Rites Held For Horace Crouse

Funeral services for Horace A. Crouse, 62, of 218 Baltimore St., who died Sunday morning at the Warner Hospital, were held this afternoon at 2 o'clock from the Bender Funeral Home with the Rev. Victor K. Meredith Jr., officiating. Interment was in Mt. Carmel Cemetery, Littlestown.

The pallbearers were: George Nause, Edward Kitzmiller, Charles Lightner, Frank Forrest, John Clapsaddle and J. D. Hay.

THREE BAPTIZED

Rosalie Ann Ensor, Fred Morris Ensor and Nancy Lee Ensor, Brown's Dam, were baptized at their home last week by the Rev. Robert H. Rezash, pastor of the East Berlin Evangelical Reformed Church.

FRIENDS MEETING

There will be a meeting for worship at the Huntington Friends Meeting House, Latimore Twp., York Springs, November 6 at 3 p.m.

Briton Accused Of Tipping Off Two Spies For Russia

LONDON (AP)—A Labor member of Parliament today accused a former member of the British embassy staff in Washington of tipping off spies Guy Burgess and Donald Maclean that they were under investigation.

Lt. Col. Marcus Lipton named Harold Philby, former first secretary of the embassy in Washington, as being the "third man" in the case.

Burgess and Maclean, high ranking British Foreign Office officials, disappeared in May, 1951, and are presumed behind the Iron Curtain. A recent government white paper accused them of spying for the Kremlin for many years.

Shortly after Parliament reconvened from its two-month summer recess, Lipton tangled with Prime

Troop Entertains Parents Tonight

Allen B. Pannell, a graduate student at Gettysburg college, will present acts of magic this evening at a parents' night covered dish supper at 6:30 o'clock and program to be held by Boy Scout Troop 73 in the Presbyterian Church social rooms.

The supper will be served promptly at 6:30 o'clock because of a number of other meetings this evening. It is planned to have the program completed by about 8 o'clock.

HEIRS TO SELL SECURITIES DUE TO PRICE BOOST

Heirs of the estate of Helen M. McKinley, late of New Oxford, have agreed to sell securities that were set aside as the share of one of the heirs and divide the profit, or loss, equally according to an agreement filed with the court.

The other heirs had brought exception to the report of the auditor, Attorney Eugene B. Hartman, appointed by the court to make distribution of the more than \$200,000 estate, when it appeared that stocks in one share of the estate had gained in value.

The contested share was that which went to the York Trust Co. as trustee of a one-fifth share of the total estate for the life benefit of Katherine Walker Sanger. The original distribution placed \$16,017 in cash and securities valued at \$45,012.50 in the trust fund for Katherine Sanger. At the time the amount was set aside, the value of the stocks and cash totaled \$45,128.57 or one-fifth of the total estate for distribution. Since that time, however, and prior to the final distribution, the stocks have gained considerably in value, according to the stipulation.

As a result the sale of the stock is directed and cash totaling \$45,012.50 will be paid to the York bank as trustee. The five heirs agreed that if the stocks bring more than the \$45,012.50 needed the surplus will be divided five ways. If the stocks bring less than that amount, the loss will be divided five ways.

CHIMNEY BLAZE

A chimney fire this morning ended a record for fire safety in Biglerville. The Biglerville firemen were summoned at 7 o'clock to extinguish a chimney blaze at the home of Dewey Bower, Biglerville R. 1. Fire Chief Paul Fisel said the fire was the first alarm for the Biglerville firemen since March 28.

14 ENTERED IN WINDOW SHOW

Fourteen business places have entered the Halloween Window Display contest sponsored by the Gettysburg Association of Clubs as part of the Halloween program in Gettysburg. Glen Harner, chairman of the committee in charge, announced today. All merchants planning to enter their windows in the contest have until Wednesday noon to register with Paul B. Anzeberger at the Blue Parrot Tea Room. Judging will be done Saturday night. Prizes include: \$15 first; \$10 second and \$5 third.

Business places entered in the contest include: Plaza Restaurant, Dougherty and Hartley, G. C. Murphy Co., Wolf's Pastry Shop, Varsity Barber Shop, Weishaar Bros., Ramer Insurance Agency, Gettysburg Hardware Store, John Bane-hor Insurance Agency, Schmitt's Interior Decorations, Gettysburg News and Sporting Goods Store, Gift and Goody Shop, Lane Studio and Bike Insurance Agency.

Minister Eden on the Red spy case.

Eden rejected a demand by the Laborite for the appointment of a special parliamentary committee to investigate the case. The Prime Minister added:

"The government themselves take the view that it is desirable to have a debate on this subject, in which I personally, as Prime Minister, shall be glad to take part."

Burgess and Maclean disappeared while Herbert Morrison was foreign secretary in the old Labor government. The case extended through Eden's tenure as foreign secretary under former Prime Minister Churchill and also runs into the tenure of Harold Macmillan, the present foreign secretary.

VFW Commander Will Visit County

Timothy J. Murphy, 45, Milton, Mass., national commander of the Veterans of Foreign Wars, will attend ground-breaking ceremonies for a new VFW home in East Berlin at 5:30 p.m. Thursday.

Plans for the ceremony were announced by Melvin Baker, commander of Richard J. Gross Post 8896. He said that the state commander, Marlon O. Walter, Millersburg, other state and district officials will accompany the national commander.

The ceremonies will be held at the site of the proposed new post home on Locust St. Ext., East Berlin, to the rear of the present home.

AUXILIARY OF HOSPITAL HAS 688 MEMBERS

Active membership in the Auxiliary of the Warner Hospital now totals 688 according to a report presented by the membership chairman, Mrs. Wilmer Roth, at Monday afternoon's meeting of the auxiliary at the hospital. 37 are new members, 28 are honorary members and one is an affiliated member.

The program of having Gettysburg members operate the Snack Bar one month and county members the next month is "working out well" according to a report by the chairman, Mrs. Frank H. Kramer. Profits from the snack bar last month amounted to \$76.21.

Mrs. Bruce N. Wolff, Photo-Babe chairman, reported 84 pictures were taken of infants born in the hospital during the month. 80 were purchased by the parents and the profit to the auxiliary was \$60.50.

The house committee reported that purchases of new articles are being held in abeyance until completion of the new annex to the hospital. In the meantime funds are being accumulated to be expended for needy items when the annex is completed.

Guillermo Barriga, professor of Spanish at Gettysburg College and a retired commander of the Colombian Navy, spoke on "Spain from Two Viewpoints." The first, he said, was his findings as a student at the University of Madrid last summer, the other "the viewpoint of the Spanish themselves as they told it to me."

Replanting Forests

In World War II when Spain was cut off from imports, the trees were cut for wood. Now most of the forests have been replanted, "but most trees are only about ten feet tall."

Americans at seven bases in Spain, he said, are making a great impact on the Spaniards and changing some of their customs. In Spain, he said, business begins at 10 a.m., breakfast is at 11 a.m., dinner at 2 p.m. The Spaniards then go to bed until six, have tea around 9 p.m., their evening meal at 11 p.m. and go to the theater at midnight.

"Thus the Spanish workers had much difficulty adjusting their lives to the American working hours in setting up the bases. But because so many are engaged in working for the Americans, they are adjusting their hours to the American routine," Barriga said.

Electricity is scarce in Spain, and as a result elevators carry passengers up — but not down.

MISS KASEBERG WINS IN APPLE BAKING CONTEST

Miss Erika Kaseberg, 17 year-old Gettysburg High School senior representing Adams County, took first prize in the South Central Pennsylvania Regional Apple Dessert Baking Contest Monday afternoon at the Gettysburg High School with her tender, flaky, lvy bedecked apple streusel. Miss Kaseberg will go to York next Saturday to compete against champions from five other regions of the state for the title, Pennsylvania Apple Dessert Queen. She was awarded a leather-bound, gold engraved photo album.

The regional champion is the daughter of Mr. and Mrs. Walter Kaseberg, Gettysburg R. 1. Attributing a great part of her success to her home economics teacher, Miss Eva Jane Schwartz, Miss Kaseberg said that her recipe was a completely original one devised by her and her father, who is one of the chefs at the Hotel Gettysburg. She has had five years of training in home economics.

Miss Kathleen Foltz, 15, of Cumberland Valley High School, representing Cumberland County, was runner-up with an apple crumb pie. She is the daughter of Mr. and Mrs. Foster W. Foltz of Mechanicsburg. An eleventh grader, Miss Foltz is taught home economics by Mrs. Eula Fyock.

Other Competitors

Others competing were: Miss Marjorie Troxell, aged 14, a freshman at York Central High School, who was the York County champion. She is the daughter of Mr. and Mrs. Otis Troxell, 953 North Duke Street, York. Miss Shirley Holloway, Perry County champion, a 15-year-old junior at Perry Joint High School, participated. She is the sister of Mrs. Catherine Slusser of Shermansdale R. D.

Contestants were not judged exclusively on the taste appeal of the dessert itself. Judges included, in their requirements for choosing the champion, technique, ease of performance, method and preparation, personal poise and grooming of each contestant. Judges interviewed each contestant personally at the end of the actual baking time.

Mrs. Fred E. Grist of Biglerville, project chairman of the Horticulture Society of Pennsylvania, presented each girl with a gift for participating in the competition. Each girl received reproductions of famous masterpieces of art. Mrs. Grist supervises such projects in cooperation with county supervisors, fruit growers and the Department of Public Instruction.

Contest Judges

Judging the event were: Miss Mary Elizabeth Yost, assistant advisor of home making education for the State Department of Public Instruction; Mrs. Mary Elizabeth Wible, home economics advisor to the Metropolitan Edison Co. of York, and Richard Myers, manager of Howard Johnson's Restaurant in Harrisburg.

Directors of the contest at Gettysburg High School were Miss A. Louise Halbach, home economics advisor, York County, and Miss Margaret Brant, home economics advisor for Perry, Adams and Cumberland Counties.

"Open House" At Y Thursday Evening

The YWCA "Open House" and membership meeting will be held Thursday evening at 7:30 o'clock at the YWCA.

Mrs. Donald P. McPherson will show colored movies of a recent trip to England and France. There will be group singing, a guest soloist from the college, and refreshments served by the board of directors.

All friends of the YWCA are invited.

Firemen Urged To Take R. C. Course

Members of the Gettysburg Fire Department are urged to join the Red Cross First Aid class being held Wednesday evenings at the engine house, Fire Chief Donald W. McSherry said today. Approximately 20 more persons can be accepted in the class taught by John C. W. Riddle.

Firemen who wish to join are asked to register Wednesday evening at the engine house prior to 7:30 o'clock or immediately after the parade. Wednesday night will be the last date to register for the course.

Red Cross Elects Officers Tonight

Lt. Col. Donald G. Williams, professor of air science at Gettysburg College, will be the guest speaker this evening at the annual dinner-meeting of the Adams County Chapter of the Red Cross at the YWCA at 6:30 o'clock. Officers will be elected. The dinner is one dollar. The public is welcome.

MERCHANTS MEET TONIGHT

The Gettysburg Retail Merchants Association will meet this evening at 7:30 o'clock at the Court House.

ANXIETY MOUNTS AS G.O.P. WAITS FOR IKE'S WORD

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—The Republican party and its would-be presidential candidates are up a tree until Jan. 1 unless before then President Eisenhower says he won't run again.
Over the weekend Dr. Paul Dudley White, the Boston heart specialist directing Eisenhower's convalescence, said it can't be determined for another two or three months whether his patient has fully recovered.
But a full recovery doesn't mean Eisenhower will try for re-election in 1956. It would seem unlikely, having had one serious heart attack, that he would seek another four years in the White House.
No Proclamations Now
It's generally assumed Eisenhower

er won't run. Yet, until he says something one way or the other, the Republican hopefuls who would like to fill his shoes someday can hardly publicly proclaim their candidacy.
That means time lost in building their fences and lining up delegates to next summer's Republican convention.
At the same time the Republican National Committee, which has to plan for the convention, will have to switch some of its plans and much of its thinking if Eisenhower doesn't run.
Counted On Ike
Until Eisenhower's heart attack in September, the Republicans were building their hopes around Eisenhower's running. He was their main hope of winning.
Apparently he still is, if not in person at least by proxy. Judging from their current statements, Republicans seem to think in terms of running on Eisenhower's record if he himself can't run.
Goodwin Knight, California's Republican governor and himself a possible candidate for president, acknowledged last night in the

Meet the Press TV program there's been a lot of confusion in Republican ranks.
Suspense Mounts
So until Eisenhower finally says yes or no about running again, the candidates must mark time and gnaw their fingernails. They're all in a state of suspension now.
Eisenhower knows this. And he has probably made up his mind not to run. But saving so is a matter of timing. His energies have been so restricted by his doctors he has had little time, if any, for political discussions.
He'll need time to talk things over with his advisers and the party's top politicians because of the effect of his announcement. If it's not to run—on his party and its candidates.
Political Differences Remain
The big gulf that separates the thinking of some of the top Republicans, on both foreign and domestic problems, could split the party wide open before the convention unless some way is found to prevent a split.
Eisenhower may try to find that way before stepping out of the picture. For that reason, in order to have time for reflection and consultation, he may wait until January or early February before announcing his decision.

NATO MINISTERS ENDORSE GENEVA MEETING ITEMS

By JOSEPH E. DYNAN
PARIS (AP)—The foreign ministers of the Atlantic Alliance met today to put their weight behind proposals the West will make to the Soviet Union at Geneva later this week.

The other 12 ministers were certain to endorse the policies agreed upon yesterday by U. S. Secretary of State Dulles, British Foreign Secretary Macmillan and French Foreign Minister Pinay. The Western views on the major issues to be discussed with Soviet Foreign Minister Molotov have been known for weeks and have aroused no major dissents from the other NATO governments.

Dulles, Macmillan and Pinay reached "complete agreement" last night on the memorandum with which they will confront Molotov at the post-summit meeting opening Thursday in Geneva. This was their joint position on the items listed for discussion:

1. Discussion item listed: German reunification: Real security in Europe is impossible unless the German people are permitted to come together under a single government of their own choice which can negotiate and sign a peace treaty for all Germany. Hence, Germany must be reunited by free elections throughout the divided country.
 2. European security: To reassure the Kremlin against another aggression, the West is proposing a 14-power mutual defense pact joining the United States, Canada, Britain, France, Italy, Belgium, the Netherlands and Luxembourg from NATO with the Soviet Union, Czechoslovakia, Poland, Hungary, Bulgaria and Romania. The West is willing to the German unification and a European security pact together so both are achieved in parallel stages.
 3. Disarmament: The West is repeating President Eisenhower's "open sky" proposal at the summit conference last summer, offering to exchange military blueprints and aerial inspection rights with the Soviets as a guarantee against surprise attack.
 4. Better East-West relations: The West is suggesting that greater facilities be given for travelers and information to cross the Iron Curtain.
- It appeared likely the Western trio and Molotov would make the most progress on the last item at Geneva.

2 ARRESTS IN HOUSE WRECKING

PHILADELPHIA (AP)—Two men were under arrest today on charges they wrecked a newly completed home in the northeast section of Philadelphia.

William Laverack, 28, of Nottingham, Bucks County, and Joseph Brilla, 25, Philadelphia, were charged with burglary, receiving stolen goods, conspiracy and destruction of private property.

Det. Sgt. John Coan said both men denied they had entered the house built by Thomas J. Gmitter over a two-year period to provide a new home for himself, his wife, and their two children.

Supply clues
Coan and Gmitter supplied clues which led to the arrest of the two men who worked with Gmitter at the Warren, Feltz and Co., Feasterville, Bucks County.

Gmitter, a carpenter's foreman, was quoted by the detective sergeant as saying he could supply no reason for the vandalism, but added that Laverack had been "bawled out" by another foreman at work recently.

Gmitter's new house was a wreck when he visited the place yesterday. It was partially flooded when some water pipes were ripped out. Holes had been kicked in several walls. Fixtures were torn loose and all of the furniture had been slashed or broken.

Northern Jt. Drops From Soccer Loop

Northern Joint High School of Dillsburg announced its withdrawal from the York-Adams County Soccer League at a meeting of the circuit at Dover, Monday evening.

The withdrawal was the result of Northern Joint's plans to concentrate on football which was recently added to the school's athletic program.

Northern Joint bowed out of the league by topping Manchester 3-1, Monday, to make up a postponed game.

Ellis Diviney, East Berlin, was elected as league president during the meeting. John Allison, Manchester, will serve as secretary.

JAILED FOR 30 DAYS

Richard Anthony Rigby, Chicago, was sentenced to 30 days in the county jail in default of \$10 fine and costs this morning by Justice of the Peace John H. Baskin on a charge of disorderly conduct brought by state police who said Rigby attempted to enter a home along the Lincoln Highway.

C. C. DIRECTORS OPPOSE BARRIGA LAND PURCHASE

The Board of Directors of the Chamber of Commerce passed a resolution opposing acquisition by the Department of the Interior of the McMillan property on W. Confederate Ave. at a meeting of the board in the Chamber office in the Plaza Building, Monday evening.

The resolution was similar to those passed by the borough council and the local ministerium. The resolution, prepared by Mr. and Mrs. Guillermo Barriga and submitted to the Chamber, closed with a paragraph protesting an attempt by the federal government to take land for the battlefield by eminent domain. The Chamber rejected that paragraph in approving the remainder of the resolution, on the grounds that there could conceivably be times when the Chamber and community might urge the government to take over private land if its use would adversely affect the field.

To Elect 3 Directors

November 16 was set as the tentative date for the annual dinner meeting and election of the Chamber. Mrs. Helen Snyder, secretary, reported that terms of N. A. Meligakes, Edmund W. Thomas and Glenn Guise expire this year. Each member will be sent a roster of the membership and will be asked to vote for six directors. The six who receive the highest number of votes will be the nominees from which three directors will be selected at the annual meeting. Charles B. Bender, Walter B. Lane and David Blocher were named to tabulate the ballots. President Mares Sherman and Charles Bender are arranging the dinner.

Lane was appointed to meet with the Association of Clubs Wednesday evening at the American Legion following the Halloween parade to discuss the possibility of giving courtesy cards to the newspapermen and women here during the time President Eisenhower is convalescing at his farm.

PUERTO RICAN IS RUN OVER

Angel Rosa, 36, a Puerto Rican laborer at the Oliver Heacock farm, Biglerville R. 1, was seriously injured Monday afternoon about 2 o'clock when a truck was moved because of a heavy windstorm which caused considerable damage at the farm.

Rosa apparently had crawled under the farm truck to avoid the flying debris from the windstorm, and when the truck was moved Rosa was run over. Heacock said he was brought to the Warner Hospital suffering from contusions and abrasions of the lower jaw, fractures of ribs on both sides, fracture of the right upper arm fracture of the right collar bone and abrasions of the right chest and left arm.

The wind ripped about three-quarters of the roof off the barn. Several trees were uprooted, a window was broken at the Heacock house and the television aerial torn down.

FLAMES MENACE TEXAS OIL TOWN

HAWKINS, Tex. (AP)—A burning oil and gas well shooting flames 200 feet high menaced the heart of this east Texas town today. Residents prayed that no oil would erupt.

The torch was fed by natural gas and could burn indefinitely without causing much damage to the town of around 2,000 persons.

But if oil should appear and pressure of the gas drop, burning oil could spread along the ground and destroy everything in its path. If the pressure remained high, oil would be blown into the air and burned there.

Near Business District

The well is only two blocks from the business district and is dangerously near homes.

Hawkins is in the midst of the huge East Texas oil field, and as a case owner, E. T. Petty, said, "There's a well on every lot."

The well blew out with a deafening roar early yesterday afternoon. It caught fire about 5 p.m., probably from a spark from stones striking together as they were blown from the hole under the tremendous pressure of the gas.

Experts were attempting to increase the flow of oil in the 15-year-old well, which had to be treated from time to time to keep the oil flowing, when it erupted.

2-6 degrees below normal, warmer Wednesday and Thursday, colder Friday and Saturday, warming up Sunday, rain likely Friday, totaling one tenth to three tenths inch.

FLAMES MENACE TEXAS OIL TOWN

HAWKINS, Tex. (AP)—A burning oil and gas well shooting flames 200 feet high menaced the heart of this east Texas town today. Residents prayed that no oil would erupt.

The torch was fed by natural gas and could burn indefinitely without causing much damage to the town of around 2,000 persons.

But if oil should appear and pressure of the gas drop, burning oil could spread along the ground and destroy everything in its path. If the pressure remained high, oil would be blown into the air and burned there.

Near Business District

The well is only two blocks from the business district and is dangerously near homes.

Hawkins is in the midst of the huge East Texas oil field, and as a cafe owner, E. T. Petty, said, "There's a well on every lot."

The well blew out with a deafening roar early yesterday afternoon. It caught fire about 5 p.m., probably from a spark from stones striking together as they were blown from the hole under the tremendous pressure of the gas.

Experts were attempting to increase the flow of oil in the 15-year-old well, which had to be treated from time to time to keep the oil flowing, when it erupted.

2-6 degrees below normal, warmer Wednesday and Thursday, colder Friday and Saturday, warming up Sunday; rain likely Friday, totaling one tenth to three tenths inch.

NATO MINISTERS ENDORSE GENEVA MEETING ITEMS

By JOSEPH E. DYNAN
PARIS (AP)—The foreign ministers of the Atlantic Alliance met today to put their weight behind proposals the West will make to the Soviet Union at Geneva later this week.

The other 12 ministers were certain to endorse the policies agreed upon yesterday by U. S. Secretary of State Dulles, British Foreign Secretary Macmillan and French Foreign Minister Pinay. The Western views on the major issues to be discussed with Soviet Foreign Minister Molotov have been known for weeks and have aroused no major dissents from the other NATO governments.

Dulles, Macmillan and Pinay reached "complete agreement" last night on the memorandum with which they will confront Molotov at the post-summit meeting opening Thursday in Geneva. This was their joint position on the items listed for discussion:

Discussion Item Listed
1. German reunification: Real security in Europe is impossible unless the German people are permitted to come together under a single government of their own choice which can negotiate and sign a peace treaty for all Germany. Hence, Germany must be reunited by free elections throughout the divided country.

2. European security: To reassure the Kremlin against another aggression, the West is proposing a 14-power mutual defense pact joining the United States, Canada, Britain, France, Italy, Belgium, the Netherlands and Luxembourg from NATO with the Soviet Union, Czechoslovakia, Poland, Hungary, Bulgaria and Romania. The West is willing to tie German unification and a European security pact together so both are achieved in parallel stages.

3. Disarmament: The West is repeating President Eisenhower's "open sky" proposal at the summit conference last summer, offering to exchange military blueprints and aerial inspection rights with the Soviets as a guarantee against surprise attack.

4. Better East-West relations: The West is suggesting that greater facilities be given for travelers and information to cross the Iron Curtain. It appeared likely the Western trio and Molotov would make the most progress on the last item at Geneva.

2 ARRESTS IN HOUSE WRECKING

PHILADELPHIA (AP)—Two men were under arrest today on charges they wrecked a newly completed home in the northeast section of Philadelphia.

William Laverack, 28, of Nottingham, Bucks County, and Joseph Brilla, 25, Philadelphia, were charged with burglary, receiving stolen goods, conspiracy and destruction of private property.

Det. Sgt. John Coan said both men denied they had entered the house built by Thomas J. Gmitter over a two-year period to provide a new home for himself, his wife, and their two children.

Supply Clues
Coan and Gmitter supplied clues which led to the arrest of the two men who worked with Gmitter at the Warren, Feltz and Co., Peasertville, Bucks County.

Gmitter, a carpenter's foreman, was quoted by the detective sergeant as saying he could supply no reason for the vandalism, but added that Laverack had been "bawled out" by another foreman at work recently.

Gmitter's new house was a wreck when he visited the place yesterday. It was partially flooded when some water pipes were ripped out. Holes had been kicked in several walls. Fixtures were torn loose and all of the furniture had been slashed or broken.

Northern Jt. Drops From Soccer Loop

Northern Joint High School of Dillsburg announced its withdrawal from the York-Adams County Soccer League at a meeting of the circuit at Dover, Monday evening.

The withdrawal was the result of Northern Joint's plans to concentrate on football which was recently added to the school's athletic program.

Northern Joint bowed out of the league by topping Manchester 3-1, Monday, to make up a postponed game.

Ellis Dwyer, East Berlin, was elected league president during the meeting. John Allison, Manchester, will serve as secretary.

JAILED FOR 30 DAYS
Richard Anthony Rigby, Chillico, was sentenced to 30 days in the county jail in default of \$10 fine and costs this morning by Justice of the Peace John H. Baschore on a charge of disorderly conduct brought by state police who said Rigby attempted to enter a home along the Lincoln Highway.

Passengers get on at the first floor and then go to the floor of their choice. After that they walk up or down if they want to visit other floors. The elevators are coasted to the ground floor to save electricity and thus cannot carry passengers down.

In apartments, hall lights are on for brief spells. A switch is placed at the door to permit the returning resident light for 30 seconds. He must reach the elevator by that time, or the light will be out.

Living costs to a large extent depend upon politics, Barriga said. The Spaniards belonging to Franco's party gets a blue card. The others bear red cards. With a blue card an apartment can be rented for \$5 a month. If one carries a red card the price is \$150 a month. Politics extends to aspirin. The blue card holder can get aspirin for a penny, but it costs the red card holder a nickel.

The president, Mrs. Edmund W. Thomas, presided at the meeting.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTY YEARS AGO
Assistant Postmaster For 15 Years: J. Willis Smith after serving as assistant in the York Springs post office for a period covering fifteen and one half years has resigned his position to take effect on Nov. 1st. Miss Bertha Criswell will assume his duties on Nov. 1st.

Mrs. D. P. Forney Hurt: On Saturday evening as Mrs. D. P. Forney, of Conewago Township, near Hanover, was stepping from a carriage at her home after returning from Hanover, the horse started suddenly and threw her to the ground. In the fall Mrs. Forney sustained a fracture of the left thigh bone. Dr. J. H. Bittlinger was summoned and rendered the necessary treatment.

Luther Musselman Meets With Accident: While engaged in a game of football with his brothers last Tuesday evening Luther Musselman, son of Mr. and Mrs. J. Elmer Musselman, fell and broke his right arm between the elbow and wrist. Dr. Dickson set the broken member.

Successful Operations: Councilman Allan B. Plank, whose illness we noted last week, was taken to St. Joseph's hospital, Baltimore, Wednesday morning, and operated upon in the afternoon for appendicitis. We are glad to note the operation was a success and that Mr. Plank is improving.

Miss Mary Frommeyer, daughter of John Frommeyer, of near Bonneville, was successfully operated upon for appendicitis at St. Joseph's hospital, Baltimore, last week. She is doing well.

Bessie Cluck, 29-year-old daughter of Conrad Cluck, Cumberland Twp., underwent an operation Sunday afternoon for appendicitis, the same proving successful. Dr. Wm. E. Wolff, of Arendtsville, who is in charge of the case, was ably assisted by Dr. W. H. O'Neal and J. R. Dickson, of this place.

Local Miscellany: The Y.W.C.T.U. will meet with the Misses M. Cleon, East Middle St., Thursday evening at 6.30.

The Anniversary of the Gettysburg Woman's Bible Society will be held (Sunday) evening, in the Episcopal Church. Dr. Monon will deliver the address. An offering will be taken for the cause. Secretary.

J. T. Hartzell one of our hustling dairymen, reports having 525 bushels of corn from 3 1/2 acres.

We are informed that the price of coal for the winter has reached the limit. Thanks.

Robert R. Long has purchased a laundry at Lewistown.

It is reported that there are about a dozen cases of small-pox in Carlisle.

A French play of 1776 will be given under the direction of Prof. H. O. Himes, in Xavier Hall November 17th.

"A Hot Old Time," at Xavier Hall this (Wednesday) evening. The local base-ball enthusiasts are arranging to give "Eddie" Plank an ovation and banquet on his return to Gettysburg.

Deaths And Funerals: Ramer—Mrs. Annie Ramer, wife of Andrew Ramer, whose illness was noted several times in these columns, died Thursday morning at 5.50 o'clock in St. Joseph's Hospital, Baltimore, where she had been taken for treatment two days previously by her physician, Dr. H. M. Hartman.

More than a month ago Mrs. Ramer contracted a cold which developed into a complication of diseases, from which she suffered greatly. She received every attention possible at the hands of Dr. Hartman and a trained nurse, but notwithstanding all this she grew weaker and the doctor advised hospital treatment.

Mr. Ramer left Gettysburg on the early Thursday morning train, and was not aware of his wife's death until he reached the Hospital. The remains were brought here on the evening train and taken to the Ramer home on Chambersburg street. The funeral was held from St. Francis Xavier church at 9.30 o'clock Saturday morning, Rev. Fr. Crotty officiating. She was aged 29 years, 11 months and 9 days.

A Fine Entertainment: The story of the Scottish Reformation, given in Bruch Chapel Monday and Tuesday evenings under the auspices of St. James Lutheran Christian Endeavor Society, was an entertainment of which all who took part can well feel proud. Both evenings the house was filled with appreciative audiences. The entertainment was most realistic and the costumes worn by the many characters, who performed their parts so well, were gorgeous. The music was exceptionally fine. In brief, the entertainment was one of the best of the kind ever given here and too much credit cannot be given Miss Pauline Wisotzki, class instructor, for her excellent work in making it the success it was.

Today's Talk

BE STEADFAST

How many there are who are influenced by rumors, evil gossip and fears. Be steadfast and it is possible for you to avoid them all. Think forward and go forward—there are no detours to faith!

Having a plan of life and remaining faithful to it, regardless of events and changes, is to get a firm grip upon life itself. How many people fall out of line, get discouraged and flounder because of a lack of equipment, and those who do have it often don't know how to use it!

Be steadfast. It is so assuring and never lets you down. You are led by confidence, and the only road is the one ahead. Many a time we are tempted to get out of line, to try some alien philosophy, but Mr. Steadfast steps in and tells us not to lose courage or faith, but to stay in line and become a finisher.

How many times we are reminded of the fact that the race of life is not to the swift, but the steady. How often the plodder puts to shame his more brilliant competitors, and how often is that word "steadfast" associated with the word "true"—"steadfast and true."

During these strange times when the false and shoddy are put forward, it is heartening that there are those who stick to the simple and the genuine, who invest rather than speculate. The sure way may take more time, and is often more rugged, but champions travel it! Be steadfast. Keep faith. Do not become troubled with the rise and fall of the stock market. There are values in human character greater than any ever quoted on the Stock Exchange.

GOLF AT HOME

Back to the books of some writer who knows.
Back to the articles penned by the pros.
Back to the carpet which serves for a green.
Where always the putting of golfers is keen.
Back to the parlor to practice the swing.
Back to perfection, while waiting for spring.

Through in the sofa the pitch shots should fall.
Some smash the pictures which hang on the wall.
What if the brassie knocks standing lamps flat?
Keep right on swinging and never mind that.
Home is the golf course that's easy to play.
Just follow through and let happen what may.

Winter's approaching. The locker room's still.
The club racks are empty and so is the grill.
So back to the course where no wind ever blows.
Add a hook or a slice in the rough never goes.
Back to the pivot where simple it seems.
Back to the parlor, to the books and to dreams.

Fire On Israeli Town Near Galilee

JERUSALEM (AP)—An Israeli army spokesman said Syrian forces opened fire Monday on the Israeli settlement of En Gev along the Sea of Galilee. He said there were no casualties.

His report came as the U. N. truce chief for Palestine flew toward U. N. headquarters in New York to report on the tense situation existing along Israel's borders with her Arab neighbors. A Saturday night Israeli raid in which three Syrians were reported slain and five captured added urgency to his mission.

BIG FOUR WILL TEST SPIRIT OF GENEVA AGAIN

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—When the Big Four foreign ministers open their three-week meeting in Geneva Thursday, they will be making another test of the so-called "spirit of Geneva."

But it will not be the final test. It will be just one more test. And it probably will not be very successful although at the end of it the diplomats can be expected to issue some pleasant bulletins about progress of some kind.

If they make any progress it will be an achievement since the three main problems they will discuss at Geneva have been big problems a long time and are not likely of settlement this soon.

The air of optimism could be breathed in easily for a short time after President Eisenhower met at Geneva last July with Premier Bulganin of Russia and the heads of the British and French governments.

"Peaceful Intentions"
The world was astonished that Russia and the West at Geneva could not only get along so pleasantly but that they could get along at all. At Geneva all sides expressed pious hopes and peaceful intentions.

But, when it was boiled down, all that happened at Geneva was talk. Any concrete results of the meeting there had to be shown by deeds later. The Eisenhower administration, as it faced tests of

the Geneva spirit, began to put a damper on optimism.

The first test came early in the fall at the United Nations when the United States and Russia had their first chance, since Geneva, to discuss publicly the President's sensational aerial inspection proposal made at Geneva.

Three Main Problems

In the U. N. the United States and Russia got nowhere. Now comes the second test when Secretary of State Dulles meets this week at Geneva with Russia's Foreign Minister Molotov and the foreign ministers of Britain and France.

Eisenhower and the other three members of the Big Four had agreed their foreign ministers would meet at this time to discuss these three main problems:

(1) German unification and European security; (2) disarmament; (3) improving relations between the West and Russia in trade and exchange of visitors.

Almost since the end of World War II the West and Russia have not been able to agree on the unification of Germany. Russia is expected again to balk at Western unification proposals, for various reasons.

Germany Is Issue
For example: It doesn't want a united Germany in a military alliance with the West but West Germany is already in such an alliance. If the West Germans and Communist-run East Germans voted now on unification and choosing a single government the victory almost surely would go to a non-Communist government which would be allied with the West.

From the Russian viewpoint there seems no reason to hurry on this one. On the contrary, by holding out the bait of a united Germany if the Germans agree to

FAIRFIELD (AP)—Mr. and Mrs. Grafus Henderson, Lancaster, and Mrs. Bonnie Henderson, Minot, N. D., have concluded a visit at the home of Dr. and Mrs. Ira Henderson.

Edward McCullough, Pittsburgh, visited Thursday with his cousin, Mrs. Albert Culbertson, Henderson, Apts.

The Women's Missionary Society of the Lower Marsh Creek Presbyterian Church met Wednesday afternoon at the home of Mrs. Robert Wilks.

The pre-Thanksgiving card party, sponsored by the NCCW of St. Mary's Church, will be held on Monday evening, November 21, in the church grove.

Harry Shultz, St. Lawrence, S. D., has arrived for an extended visit with his brother and sister-in-law, Mr. and Mrs. Ott Shultz.

The NCCW of St. Mary's Church will meet on Friday evening, November 4, at 8 o'clock in the church social rooms.

Mrs. William Lockyer, Washington, D. C., is a visitor in the home of Mr. and Mrs. Robert Davis.

It seems impossible that the West and Russia in the short time since the Big Four meeting in Geneva could agree on a European security

Williamsport Hears Pennsy RR Demand

HARRISBURG (AP)—The Public Utility Commission Monday shifted from the Lycoming County Courthouse to Williamsport City Hall a hearing Nov. 16-18 on the Pennsylvania Railroad's application to drop three passenger trains from the Harrisburg-Williamsport run.

The commission said the hearing site was changed because of a crowded calendar at the courthouse.

Differ On Arms

At Geneva, Eisenhower suggested exchange blueprints on their military establishments and permit each other to check on those establishments from the air.

The Eisenhower administration says this is a plan that should be preliminary to any agreements on disarmament. The Russians want to talk about general disarmament. This whole business is up in the air, unlikely to be solved at Geneva.

As for improving relations between the West and Russia, perhaps some minor agreements can be made if the foreign ministers ever have time to discuss this problem. The other two problems may take all their time.

When he left for Europe last Friday Dulles wasn't making any big predictions. The most he'd say was that he hoped he and the other foreign ministers could build "moderately" on what the Big Four began in Geneva last summer.

LITTLESTOWN: The Young People's Society of St. Luke's Union Church voted to sponsor a chicken corn soup supper on Nov. 12 at 4 p.m. in the parish hall at a meeting Sunday evening. Rev. William A. Ellsworth Jr. spoke on "How To Listen To A Sermon" and the group joined in the discussion which followed. The next meeting will be held Sunday, Nov. 13, at 7 p.m. at the church.

Rally Day will be observed in St. Luke's Reformed Church Sunday at 9:15 a.m.

The Junior High Youth Fellowship of Redeemer's Reformed Church will hold a Halloween party Friday evening at 7 o'clock in the church social hall.

Members of the Ladies' Aid Society of St. James' Reformed Church and their families are invited to a Halloween party on Friday at 8 p.m. in the parish hall. Each family is asked to bring refreshments.

The movie "Martin Luther," will be shown in St. Paul's Lutheran Church Wednesday evening at 7 o'clock. The public is invited.

Brownie Girl Scout Troop 45 will have a Halloween party in connection with the meeting Wednesday at 4 p.m. in the engine house.

Rev. William C. Karna, pastor of St. John's Lutheran Church, will conduct a study hour Wednesday at 8:30 p.m. at the church.

Mrs. Orville C. Sentsz will be in charge of the program at the October meeting of the King's Daughters' Class of Christ Reformed Church Wednesday at 7:30 p.m. at the church. Refreshments will be served by Mrs. John N. Sell, Mrs. Ralph I. Unger, Mrs. Roy A. Sterner, Mrs. W. Raymond Warner and Mrs. Harry C. Wildasin.

President Will Receive Puppy

LONG BEACH, Cal.—President Eisenhower will have the company of a weimaraner puppy when he goes to his Gettysburg, Pa., farm to recuperate, a dentist who raised the dog announced Monday.

Dr. Richard T. Street, one of the nation's top authorities on the European breed, disclosed that he was raising a weimaraner puppy for the president who owns a female of the same breed.

The dentist is the author of "Weimaraner Afield." He reported that the book came to the president's attention and through his aide, Gen. Arthur S. Nevins, he wrote Dr. Street requesting a puppy.

"I informed General Nevins that when we had a new litter, a choice puppy would be set aside for the president," Dr. Street said. "We hope to have the puppy weaned in a short while and then will fly him to the president's farm."

Bullet-Lafayette Clash Features Grid Schedule; Schoolboy Varsities Away

Gettysburg College's Homecoming football game with powerful Lafayette Saturday afternoon highlights this week's gridiron slate, all county scholastic varsities being scheduled for games on foreign fields.

The Bullets, 3-1, will undoubtedly find the Leopards their toughest opponent to date. Lafayette has lost only to Delaware, next week's opponent for the Bullets, and has triumphed over Muhlenberg, Carnegie Tech, Dartmouth and Bucknell.

Gettysburg High, fresh from its surprisingly easy win over Hershey, should be a worthy opponent for Waynesboro on the latter's field Friday night. The Warriors will again be without the services of Bob Bonadurant, tackle, heavy player, on the squad who is probably out for the season due to a chronic knee ailment.

Squires Seek Title
Delone Catholic's high-flying Squires, 5-1-1, faces its most important engagement Friday night at Harrisburg Catholic. A win for Delone would give it the Central Pennsylvania Catholic championship title.

Biglerville and Littlestown wait until Saturday for their contests. The Cannons travel to Cumberland Valley for an engagement Saturday night. Biglerville is now 3-3 for the campaign.

Unbeaten Littlestown's 13-game winning streak will be in serious jeopardy Saturday afternoon at Red Lion. The Lions have a 5-2 record against worthy opponents and will likely prove a very tough opponent for the Bolts.

Junior High and junior varsity games will make Thursday's program.

Jr. Hi, Jayvee Games
Gettysburg Junior High plays at Hanover at 2:30; Delone is at Littlestown Junior High at 3:30; Biglerville's jayvees invade Shippensburg, while Kennard-Dale opposes the Delone reserves at McSherrytown at 7 p.m.

Two other football contests are listed during the week. "The Hanover seventh and eighth graders play at Biglerville Junior High this afternoon. Jm. Dentz's college freshmen go after their second straight against Wesley Junior College at Dover, Del., Friday afternoon.

Gettysburg College's soccer team is at Drexel, Wednesday, and meets Bucknell here, Saturday.
Mt. St. Mary's also has two soccer tilts this week, meeting Baltimore University at Baltimore, Wednesday, and entertaining Frostburg at Emmitsburg, Saturday.

SATURDAY RACE UP TO \$258,370

CAMDEN, N. J. (P) — The value of the world's richest horse race—the Garden State—stood at \$258,370 today as a result of a pair of \$10,000 supplementary entries from California and Florida.

Late nominating fees for Saturday's feature at Garden State were paid by comedian Lou Costello for California thoroughbred Bold Bazooka and two-year-old Florida bred Needles, a good bet for the favorite spot in the big field.

Needles, son of Ponder and Noodle Soup, owned by Jack Dudley and Bonnie Heath, has won \$100,000 thus far including the Seppala at Monmouth and the Hopeful stakes at Saratoga. He ended a Polly's Jet six-race winning streak and five straight for Decadebait, the two favorites in the Sapples. Polly's Jet is also entered in the Garden State.

A total of 16 that may go post-ward in the mile and a sixteen for two-year-olds would produce an unprecedented winner's share of \$164,703.50.

LEOPARDS SET FOR GRID TILT HERE SATURDAY

EASTON, Pa. — Encouraged by their victories over Dartmouth and Bucknell in the last two games, the Lafayette College football team is ready for the important test with Gettysburg College at Gettysburg next Saturday.

Steve Hokuf, Lafayette coach, rates Gettysburg as one of the top teams the Maroon will meet this fall. Lafayette and Gettysburg each lost but one game this season, the Maroon to Delaware and the Bullets to Lehigh, both by close scores.

In Good Shape
Hokuf was pleased by his team's 34-21 triumph over Bucknell last Saturday. The Maroon showed power on the offense, gaining 309 yards from scrimmage and an additional 97 yards through the air.

The Lafayette squad came out of the game in good physical condition. Ray Dahms, big tackle, who sat out the game because of injuries, is expected to be ready to play this week.

Hokuf plans no changes in the starting lineup against Gettysburg. Sophomore Joe Bozik will call the signals, with Bryan Saterlee, Norman Dion and Charles Kozschesk, all seniors, completing the backfield. The quartet has been working well together this season.

SURVEY SHOWS STATE HUNTING "WILL BE GOOD"

Crisp autumn weather and the approach of the small game season stimulate the hunting fever and provoke conjectures from sportsmen regarding Pennsylvania's fall supply of game birds and animals.

While wildlife authorities can never predict the success of a season because factors other than supply of game influence the harvest, an October field survey allows the Game Commission to evaluate the state's small game populations prior to the open season.

Generally speaking, prospects on farms and in woodlands indicate shooting will be as good as last year, with some variations. The small game picture, by species, looks like this to the authorities:

FARM GAME
Cottontail Rabbits—Generally in numbers comparable to last year. In some areas an increase.

Ring-necked Pheasants—Over the natural range supply about as in 1954. In sections, a little higher or lower.

Bobwhite Quail — Not yet abundant, but increasing and expanding on farmlands.

Woodchucks — Same high population as last year.

FOREST GAME
Ruffed Grouse — State-wide, little change from 1954.

Wild Turkeys — Increase over central range. Gradually expanding throughout the state.

Squirrels (all kinds) — More numerous over the state. In many areas at an all-time high.

EIGHT SCHOOLS OUT OF 399 NOT SIGNED BY NCAA

CHICAGO (P)—The National Collegiate Athletic Assn. appears to have acquired new confidence through "strictly voluntary" means of getting member schools to certify they are complying with its athletic code.

Long subjected to criticism of its television policies and the athletic code, the NCAA now feels it is moving in position to deal effectively with members who have violated the athletic code.

The compliance program was started in May 1954 under then-President A. B. Moore of the University of Alabama.

The gist of the compliance form—which is signed by an institution's president—is found in this paragraph:

Comply With Rules
"I certify that the policies, procedures and practices of this institution, its staff, members and representatives, fully comply with governing legislation of the NCAA in so far as I can determine, and it is our intention to maintain such compliance."

Present NCAA President Clarence P. (Pops) Houston, vice president of Tufts University, yesterday had nothing but praise for the program which 391 of the 399 active voting members have already signed.

Eight have not as yet signed, including one which has disagreed with issuance of the compliance forms. None of the eight was identified.

"We're on the way towards maturity," said Houston. "None of the schools that have signed will now be able to tell us they were unaware of certain rules and regulations if they are found violating the athletic code."

"Those who refuse to sign the form will only invite investigation and they had better be snow white," Houston added.

SANTILLI QUILTS STATE POLICE

ALTOONA, Pa. (P) — A veteran state police officer has resigned, effective Nov. 15, charging the work of state police has "deteriorated to that of county errand boys."

He is Capt. Joseph F. Santilli, commander of Troop C, 2nd Squadron. The troop covers parts of Blair, Centre, Bedford, Huntingdon and Clearfield counties.

In a 3½-page single-spaced type-written letter yesterday to Gov. Leader, Commissioner Earl J. Henry and newspapers, Santilli said the reason for his resignation was his objection to preparing and furnishing confidential reports to certain county officials and furnishing escort service for social and other functions.

Goodwill Function
Santilli said such "goodwill" functions should take second place to a backlog of criminal cases. He declared Henry agreed that point before assigning him to Altoona last August but he reversed the instructions.

In Harrisburg, Henry said he had received Santilli's resignation. He declared the letter contained no criticism of the force. If Santilli said such things, the commissioner added, they were "entirely uncalled for."

The first major league player to be drafted into the Army during World War II was Hugh Mulcahy of the Phillies. He was called March 8, 1941.

JOE L. BROWN MAY TAKE OVER RICKEY'S POST

PITTSBURGH (P) — Joe L. Brown, 37, son of movie comedian Joe E. Brown, today was named general manager of the Pittsburgh Pirates to succeed Branch Rickey Sr., for a one-year term.

The announcement of Brown's appointment was made following a Pirates' board of directors meeting at Forbes Field.

Brown will assume his duties Nov. 1 and will have complete charge, said President John W. Galbreath, who made the announcement.

PITTSBURGH (P) — Stockholders pick a successor to Branch Rickey Sr., general manager and executive vice president for the past five years.

The speculation is that Joe L. Brown, 37, handsome son of movie comedian Joe E. Brown, will succeed Rickey. The aging Rickey is expected to remain in an advisory capacity.

Under Rickey, the Pirates finished in the cellar the past four years and tied with the Chicago Cubs for seventh in 1951—Rickey's first season with the club.

The Pirates, may also announce the selection of a new team manager to replace Fred Haney who was dropped one day before the 1955 season ended.

Most frequently mentioned for the post are Bobby Bragan, pilot of Hollywood in the Pacific Coast League; Dixie Walker, who managed Rochester in the International League last year, and Andy Cohen who managed New Orleans in the Southern Assn. last year.

Branch Rickey Jr., who also has been mentioned for the general managership post, most likely will stay on to head the Pirates farm system.

3 IRISH ARMY OFFICERS WIN JUMPING EVENT

By DICK HOENTG
HARRISBURG (P) — In winning yesterday's international jumping contest at the Pennsylvania National Horse Show, the Irish Army duplicated a performance audiences have become accustomed to from the Mexican Army team.

All three Irish riders turned in spotless jobs, never giving the Americans, Canadians or Mexicans a chance. Then the team from Ireland, composed of a pair of 25-year-old lieutenants seeing the United States for the first time, and a veteran 30-year-old captain, took its triumph in stride.

"The horses were jumping very well and the riders were riding very well" is about all non-riding Captain Col. Fred Ahern would say. "We should win a good deal more," he conceded.

"We're soldiers"
One of the lieutenants, Patrick J. Kiernan from County Limerick, was even more matter-of-fact.

"We're soldiers, you know," he said.

The win gave the Irish a head start on the three-leg international low score competition top prize of the week-long show. It will be continued today and concluded Friday.

For the second time in two 1955 international contests the United States equestrian team was runner-up. This time it was by the margin of one quarter of a fault. On Saturday time was the deciding factor when the Mexicans won.

Other Winners
Last night's score, sending the Maj. Gen. Milton G. Baker trophy to Ireland for the first time, was Ireland, no faults; United States, on quarter fault; Canada, four faults; and Mexico, 18 faults.

Monday's first place winners from Pennsylvania in domestic competition:

Five gaited performance class—Dixie Marchioness, Willisbrook Farm, Malvern.

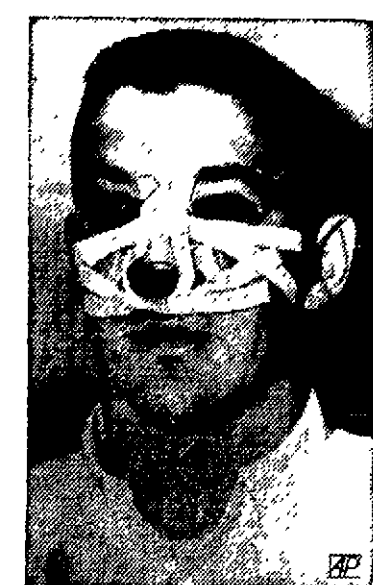

Lightweight working hunters — Bronze Wing, Walter Wickes Jr., Northbrook.

Junior five gaited saddle horse stake — My Destiny, Willisbrook Farm, Malvern.

Single shetland ponies not exceeding 42 hands—Patton's Dare Devil, Pin Oak Pony Ranch, Butler, Pa.

SIAMESE TWINS DIE
MADISON, Wis. (P) — Siamese twins born here early Sunday died last night. Hospital attendants said the babies had only one heart.

IN CONTROVERSY

Delmar Hughes, University of Kentucky quarterback, is shown after he booted a field goal in final seconds Saturday to give Kentucky a 10-7 win over Florida. Florida coach Bob Woodruff called the victory "unethical" claiming Kentucky coaches signaled their players to fake an injury on the field to stop the clock. Hughes' nose and facial bones were broken earlier in the game at Lexington, Ky. (AP Wirephoto)

NAVY EXPECTS IRISH WILL BE TOUGHEST TEAM

By THE ASSOCIATED PRESS
Navy Coach Eddie Erdelatz today termed Notre Dame "the toughest team we'll face this year and by a wide margin," meaning, of course, that the Middles regard the Irish game Saturday as more important than their traditional battle with Army.

He also took the occasion to spike reports that quarterback George Welsh would not be at top form. Welsh was withheld from the Penn game last Saturday because of a sprained toe.

"It's just a minor injury," said Erdelatz, whose undefeated, untied club will be favored over Notre Dame for the first time since 1944. "In fact, with the exception of our right end Earl Smith, we are at top strength."

Predicts Bowl Victory
UCLA's 33-13 victory over Iowa impressed Iowa scout Whitey Piro to the extent that he predicted there was a "strong possibility" the Uclans would beat the Big Ten team if they get to the Rose Bowl.

"I would rate UCLA along with Michigan of the Big Ten," Piro said. "But when it comes to a Rose Bowl showdown, and if they do not lose any first-string line men through injuries, there is a strong possibility they would win."

LIGHTBURN IS BEST PROSPECT IN LIGHT CLASS

NEW YORK (P)—Off his brilliant showing against Algeria's experienced Hocine Khalil, young Ludwig Lightburn today looked like the best lightweight prospect to come along in several years.

It's about time too that the 135-pound class, once the best in boxing, developed a new, bright face.

Lightburn, a rangy, 20-year-old Negro from British Honduras, outclassed the 27-year-old Algerian all the way to win a one-sided 10-round decision in a television bout at St. Nicholas Arena last night.

Wins Fourth Straight
The kid, in winning his fourth straight, displayed a stabbing left jab, fast combinations, and a willingness to trade. He was credited with knockdown in the fifth round although Khalil didn't hit the floor. A right smack on the jaw sent the Algerian downward but his descent was checked by the lowest rope and he bounced erect.

Referee Mark Conn saw Khalil was hurt and gave him an eight count.

Conn and Judge Leo Birnbaum each scored for Lightburn by 8-2 counts. Judge Bill Recht had it 9-1. The AP card had Lightburn in front 8-2.

The victory so impressed matchmaker Tex Sullivan that he said he would try and match Ludwig against either Johnny Gonzales or Cisco Andrade, both ranking lightweights, for Nov. 28.

Lightburn had the weight edge, 138½ to 136½.

Mike Duka Named As Unsung Hero

NEW YORK (P) — Four Pennsylvania College gridders — halfback Mike Duka of Gettysburg, quarterback Joe Bosik of Lafayette, end Frank Hoffman of Albion, and center Alex Maslowsky of Lehigh — were named to the "unsung hero" list of the Eastern Intercollegiate group.

Maslowsky, a 19-year-old junior from Tarentum, contributed a pass interception and a fumble to Lehigh's 21-14 victory over Rutgers.

A second stringer prior to last Saturday, Duka, of Green Lawn, reeled off touchdown runs of 65 and 34 yards and totaled 106 yards in five tries for 21.2 per carry in the Bullets' 53-14 win at Muhlenberg.

Maslowsky, a 19-year-old junior from Tarentum, contributed a pass interception and a fumble to Lehigh's 21-14 victory over Rutgers.

Although the Brons played but one game last week, Fred Glover made the most of his opportunity by racing up 19 minutes in penalties to become the league's "bad man" with a total of 23 minutes.

Maryland, Oklahoma Seem Sure Choice For Miami's Orange Bowl Grid Contest

By THE ASSOCIATED PRESS
In a move that practically guarantees top billing for the Orange Bowl game New Year's Day, Maryland and Oklahoma today jumped to the top among the nation's college football powers in the Associated Press poll.

The two unbeaten giants, safe bets to represent their respective Atlantic Coast and Big Seven conferences in the Miami, Fla., stadium next January, stand almost shoulder to shoulder after stepping past Michigan in this week's rankings.

Maryland (6-0) has the top spot. The Terrapins collected 62 first-place votes, nine more than Oklahoma (5-0), and tallied only 30 more points than the Sooners in the balloting.

On the basis of 10 points for first, 9 for second, etc., Maryland wound up with 1,599. Oklahoma had 1,560.

Unbecoming Performance
Michigan, rated No. 1 for two weeks, managed to lure only 39 first-place votes from the 186 sports writers and sportscasters who cast ballots. The Wolverines (5-0) piled up 1,433 points for third place.

The experts apparently felt Michigan's come-from-behind 14-13 decision over previously unimpressive Minnesota last Saturday was an unbecoming performance for the No. 1 team in the nation. They found Maryland's 34-13 pasting of Syracuse and Oklahoma's 56-21 thumping of previously unbeaten Colorado more in the style of a national champion.

Navy (5-0) stayed at No. 4 while Michigan State, UCLA, West Virginia and Auburn moved up as Duke tumbled from 5th to 17th after being dumped by twice-beaten Pittsburgh. Notre Dame, 15th last week, regained the top 10 at the No. 9 berth. Southern California stayed at No. 10.

The leaders, with first-place votes in parentheses:

1. Maryland (62) 1,599
2. Oklahoma (58) 1,569
3. Michigan (39) 1,433
4. Navy (4) 1,177
5. Michigan State (4) 937
6. UCLA (2) 909
7. West Va. (13) 557
8. Auburn (8) 516
9. Notre Dame 462
10. Southern Cal 335

The Second 10:
11. Texas A&M 313
12. Georgia Tech 111
13. Holy Cross (1) 50
14. Texas Christian 49
15. Ohio State 41
16. Pittsburgh 38
17. Duke 35
18. Miami (Ohio) 20
19. Washington 14
20. Mississippi 11

MARSHALL TOPS HOCKEY SCORERS

NEW YORK (P)—Willie Marshall, who has been playing with the Toronto Maple Leafs of the National League for a week still maintained an absentee ownership of the American Hockey League's scoring lead today.

The former Pittsburgh Hornet center marked up 15 points in four games before departing with a six point lead over Zello Toppazzini of the Providence Reds and Buffalo's Ken Wharram. Toppazzini tallied two goals and two assists last week to move into undisputed possession of second place with 13 points, while Wharram, scoreless in two contests, dropped to a tie for sixth with the Reds' Paul Larivee.

Gordie Bell has taken over as the top goalie, supplanting Hank Bassen of the Bisons. The Springfield netminder has a 2.33 average for three games against Bassen's 3.00 in seven appearances.

Although the Brons played but one game last week, Fred Glover made the most of his opportunity by racing up 19 minutes in penalties to become the league's "bad man" with a total of 23 minutes.

Bullet-Lafayette Clash Features Grid Schedule; Schoolboy Varsities Away

Gettysburg College's Homecoming football game with powerful Lafayette Saturday afternoon highlights this week's gridiron slate, all county scholastic varsities being scheduled for games on foreign fields.

The Bullets, 3-1, will undoubtedly find the Leopards their toughest opponent to date. Lafayette has lost only to Delaware, next week's opponent for the Bullets, and has triumphed over Muhlenberg, Carnegie Tech, Dartmouth and Bucknell.

Gettysburg High, fresh from its surprisingly easy win over Hershey, should be a worthy opponent for Waynesboro on the latter's field Friday night. The Warriors will again be without the services of Bob Bonduant, tackle, heaviest player on the squad who is probably out for the season due to a chronic knee ailment.

Squires Seek Title

Delone Catholic's high-flying Squires, 5-1-1, faces its most important engagement Friday night at Harrisburg Catholic. A win for Delone would give it the Central Pennsylvania Catholic conference title.

Biglerville and Littlestown wait until Saturday for their contests. The Cannons travel to Cumberland Valley for an engagement Saturday night. Biglerville is now 3-3 for the campaign.

Unbeaten Littlestown's 13-game winning streak will be in serious jeopardy Saturday afternoon at Red Lion. The Lions have a 5-2 record against worthy opponents and will likely prove a very tough opponent for the Bolts.

Junior High and junior varsity games will make Thursday's program.

Jr. Hi. Jayvee Games

Gettysburg Junior High plays at Hanover at 2:30; Delone is at Littlestown Junior High at 3:30; Biglerville's Jayvees invade Shippensburg, while Kennard-Dale opposes the Delone reserves at McSherrytown at 7 p.m.

Two other football contests are listed during the week. The Hanover seventh and eighth graders play at Biglerville Junior High this afternoon. Jim Lentz's college freshmen go after their second straight against Wesley Junior College at Dover, Del., Friday afternoon.

Gettysburg College's soccer team is at Drexel, Wednesday, and meets Bucknell here, Saturday.

Mt. St. Mary's also has two soccer tilts this week, meeting Baltimore University at Baltimore, Wednesday, and entertaining Frostburg at Emmitsburg, Saturday.

SATURDAY RACE UP TO \$258,370

CAMDEN, N. J. (P) — The value of the world's richest horse race—the Garden State—stood at \$258,370 today as a result of a pair of \$10,000 supplementary entries from California and Florida.

Late nominating fees for Saturday's feature at Garden State were paid by comedian Lou Costello for California thoroughbred Bold Barooka and two-year-old Florida bred Needles, a good bet for the favorite spot in the big field.

Needles, son of Ponder and Noodle Soup, owned by Jack Dudley and Bonnie Heath, has won \$100,000 thus far including the Sapling at Monmouth and the Hopeful stakes at Saratoga. He ended a Polly's Jet six-race winning streak and five straight for Decathlon, the two favorites in the Sapling. Polly's Jet is also entered in the Garden State.

A total of 16 that may go post-race in the mile and a sixteenth for two-year-olds would produce an unprecedented winner's share of \$164,703.50.

LEOPARDS SET FOR GRID TILT HERE SATURDAY

EASTON, Pa. — Encouraged by their victories over Dartmouth and Bucknell in the last two games, the Lafayette College football team is ready for the important test with Gettysburg College at Gettysburg next Saturday.

Steve Hokuf, Lafayette coach, rates Gettysburg as one of the top teams the Maroon will meet this fall. Lafayette and Gettysburg each lost but one game this season, the Maroon to Delaware and the Bullets to Lehigh, both by close scores.

In Good Shape

Hokuf was pleased by his team's 34-21 triumph over Bucknell last Saturday. The Maroon gained power on the offense, showing 309 yards from scrimmage and an additional 97 yards through the air.

The Lafayette squad came out of the game in good physical condition. Ray Dahms, big tackle, who sat out the game because of injuries, is expected to be ready to play this week.

Hokuf plans no changes in the starting lineup against Gettysburg. Sophomore Joe Bosik will call the signals, with Bryan Satterlee, Norman Dion and Charles Koziseck, all seniors, completing the backfield. The quartet has been working well together this season.

SURVEY SHOWS STATE HUNTING "WILL BE GOOD"

Crisp autumn weather and the approach of the small game season stimulate the hunting fever and provoke conjectures from sportsmen regarding Pennsylvania's fall supply of game birds and animals.

While wildlife authorities can never predict the success of a season because factors other than supply of game influence the harvest, an October field survey allows the Game Commission to evaluate the state's small game populations prior to the open season.

Generally speaking, prospects on farms and in woodlands indicate shooting will be as good as last year, with some variations. The small game picture, by species, looks like this to the authorities:

FARM GAME

Cottontail Rabbits—Generally in numbers comparable to last year. In some areas an increase.

Ring-necked Pheasants—Over the natural range supply about as in 1954. In sections, a little higher or lower.

Bobwhite Quail — Not yet abundant, but increasing and expanding on farmlands.

FOREST GAME

Ruffed Grouse — State-wide, little change from 1954.

Wild Turkeys — Increase over central range. Gradual expanding throughout the state.

Squirrels (all kinds) — More numerous over the state. In many areas at an all-time high.

FIGHTS LAST NIGHT

By THE ASSOCIATED PRESS

NEW YORK—Ludwig Lightburn, 138½, British Honduras, outpointed Hocine Khalfi, 136½, Algeria, 10.

NEW ORLEANS — Charley Joseph, 159½, New Orleans, stopped Sammy Walker, 154, Holyoke, Mass., 8.

Average annual milk production per cow has increased from 3,960 to 6,080 pounds in Indiana during the last 20 years.

EIGHT SCHOOLS OUT OF 399 NOT SIGNED BY NCAA

CHICAGO (P)—The National Collegiate Athletic Assn. appears to have acquired new confidence through "strictly voluntary" means of getting member schools to certify they are complying with its athletic code.

Long subjected to criticism of its television policies and the athletic code, the NCAA now feels it is moving in position to deal effectively with members who have violated the athletic code.

The compliance program was started in May 1954 under then-President A. B. Moore of the University of Alabama.

The gist of the compliance form—which is signed by an institution's president—is found in this paragraph:

"I certify that the policies, procedures and practices of this institution, its staff, members and representatives, fully comply with governing legislation of the NCAA in so far as I can determine, and it is our intention to maintain such compliance."

Present NCAA President Clarence P. (Pops) Houston, vice president of Tufts University, yesterday had nothing but praise for the program which 391 of the 399 active voting members have already signed.

Eight have not as yet signed, including one which has disagreed with issuance of the compliance forms. None of the eight was identified.

"We're on the way towards maturity," said Houston. "None of the schools that have signed will now be able to tell us they were unaware of certain rules and regulations." If they are found violating the athletic code.

"Those who refuse to sign the form will only invite investigation and they had better be snow white," Houston added.

SANTILLI QUILTS STATE POLICE

ALTOONA, Pa. (P) — A veteran state police officer has resigned, effective Nov. 15, charging the work of state police has "deteriorated to that of county errand boys."

He is Capt. Joseph P. Santilli, commander of Troop C, 2nd Squadron. The troop covers parts of Blair, Centre, Bedford, Huntingdon and Clearfield counties.

In a 3½-page single-spaced type-written letter yesterday to Gov. Leader, Commissioner Earl J. Henry and newspapers, Santilli said the reason for his resignation was his objection to preparing and furnishing confidential reports to certain county officials and furnishing escort service for social and other functions.

Goodwill Function

Santilli said such "goodwill" functions should take second place to a backlog of criminal cases. He declared Henry agreed on that point before assigning him to Altoona last August but later reversed the instructions.

In Harrisburg, Henry said he had received Santilli's resignation. He declared the letter contained no criticism of the force. If Santilli said such things, the commissioner added, they were "entirely uncalled for."

The first major league player to be drafted into the Army during World War II was Hugh Mulcahy of the Phillies. He was called March 8, 1941.

JOE L. BROWN MAY TAKE OVER RICKEY'S POST

PITTSBURGH (P) — Joe L. Brown, 37, son of movie comedian Joe E. Brown, today was named general manager of the Pittsburgh Pirates to succeed Branch Rickey Sr. for a one-year term.

The announcement of Brown's appointment was made following a Pirates' board of directors meeting at Forbes Field.

Brown will assume his duties Nov. 1 and will have complete charge, said President John W. Galbreath, who made the announcement.

PITTSBURGH (P) — Stockholders pick a successor to Branch Rickey Sr., general manager and executive vice president for the past five years.

The speculation is that Joe L. Brown, 37, handsome son of movie comedian Joe E. Brown, will succeed Rickey. The aging Rickey is expected to remain in an advisory capacity.

Under Rickey, the Pirates finished in the cellar the past four years and tied with the Chicago Cubs for seventh in 1951—Rickey's first season with the club.

The Pirates, may also announce the selection of a new team manager to replace Fred Haney who was dropped one day before the 1955 season ended.

Most frequently mentioned for the post are Bobby Bragan, pilot of Hollywood in the Pacific Coast League; Dixie Walker, who managed Rochester in the International League last year, and Andy Cohen who managed New Orleans in the Southern Assn. last year.

Branch Rickey Jr., who also has been mentioned for the general manager post, most likely will stay on to head the Pirates farm system.

3 IRISH ARMY OFFICERS WIN JUMPING EVENT

By DICK HOENIG

HARRISBURG (P) — In winning yesterday's international jumping contest at the Pennsylvania National Horse Show, the Irish Army duplicated a performance audiences have become accustomed to from the Mexican Army team.

All three Irish riders turned in spotless jobs, never giving the Americans, Canadians or Mexicans a chance. Then the team from Ireland, composed of a pair of 25-year-old lieutenants seeing the United States for the first time, and a veteran 30-year-old captain, took its triumph in stride.

"The horses were jumping very well and the riders were riding very well" is about all non-riding Captain Col. Fred Ahern would say. "We should win a good deal more," he conceded.

"We're soldiers," he said.

One of the lieutenants, Patrick J. Kiernan from County Limerick, was even more matter-of-fact.

"We're soldiers, you know," he said.

The win gave the Irish a head start on the three-leg international low score competition top prize of the week-long show. It will be continued today and concluded Friday.

For the second time in two 1955 international contests the United States equestrian team was runner-up. This time it was by the margin of one quarter of a fault. On Saturday time was the deciding factor when the Mexicans won.

Last night's score, sending the Maj. Gen. Milton G. Baker trophy to Ireland for the first time, was Ireland, no faults; United States, on quarter fault; Canada, four faults, and Mexico, 18 faults.

Monday's first place winners from Pennsylvania in domestic competition:

Five gaited performance class—Dixie Marchioness, Willisbrook Farm, Malvern.

Lightweight working hunters—Bronze Wing, Walter Wickes Jr., Northbrook.

Junior five gaited saddle horse stake—My Destiny, Willisbrook Farm, Malvern.

Single shetland ponies not exceeding 42 hands—Patton's Dare Devil, Pin Oak Pony Ranch, Butler.

Hospital authorities declined to identify the family.

NAVY EXPECTS IRISH WILL BE TOUGHEST TEAM

By THE ASSOCIATED PRESS

Navy Coach Eddie Ederlatz today termed Notre Dame "the toughest team we'll face this year and by a wide margin," meaning, of course, that the Middles regard the Irish game Saturday as more important than their traditional battle with Army.

He also took the occasion to spike reports that quarterback George Welsh would not be at top form. Welsh was withheld from the Penn game last Saturday because of a sprained toe.

"It's just a minor injury," said Ederlatz, whose undefeated, untied club will be favored over Notre Dame for the first time since 1944. "In fact, with the exception of our right end Earl Smith, we are at top strength."

Predicts Bowl Victory

UCLA's 33-13 victory over Iowa impressed Iowa scout Whitney Piro to the extent that he predicted there was a "strong possibility" the Uclans would beat the Big Ten team if they get to the Rose Bowl.

"I would rate UCLA along with Michigan of the Big Ten," Piro said. "But when it comes to a Rose Bowl showdown and if they do not lose any first-string linemen through injuries, there is a strong possibility they would win."

MARSHALL TOPS HOCKEY SCORERS

NEW YORK (P)—Willie Marshall, who has been playing with the Toronto Maple Leafs of the National League for a week still maintained an absentee ownership of the American Hockey League's scoring lead today.

The former Pittsburgh Hornet center marked up 15 points in four games before departing with a six point lead over Zello Toppazzini of the Providence Reds and Buffalo's Ken Wharram. Toppazzini tallied two goals and two assists last week to move into undisputed possession of second place with 13 points, while Wharram, scoreless in two contests, dropped to a tie for sixth with the Reds' Paul Larivee.

Gordie Bell has taken over as the top goalie, supplanting Hank Bassen of the Bisons. The Springfield netminder has a 2.33 average for three games against Bassen's 3.00 in seven appearances.

Although the Brons played but one game last week, Fred Glover made the most of his opportunity by racking up 19 minutes in penalties to become the league's "bad man" with a total of 23 minutes.

with 194 out of a possible 195. The United States is seventh in total team standings, trailing Hungary by 1,500 points.

his right arm between the elbow
and wrist. Dr. Dickson set the
broken member.

Successful Operations: Council-
man Allan B. Plank, whose illness
we noted last week, was taken to
St. Joseph's hospital, Baltimore,
Wednesday morning, and operated
upon in the afternoon for appen-
dicitis. We are glad to note the op-
eration was a success and that Mr.
Plank is improving.
Miss Mary Frommeyer, daugh-
ter of John Frommeyer, of near
Bonneauville, was successfully op-
erated upon for appendicitis at St.
Joseph's hospital, Baltimore, last
week. She is doing well.

Bessie Cluck, 20-year-old daugh-
ter of Conrad Cluck, Cumberland
Twp., underwent an operation Sun-
day afternoon for appendicitis, the
same proving successful. Dr. Wm.
E. Wolff, of Arendtsville, who is
in charge of the case, was ably
assisted by Drs. W. H. O'Neal and
J. R. Dickson, of this place.

Deaths And Funerals: Ramer—
Mrs. Anne Ramer, wife of An-
drew Ramer, whose illness was
noted several times in these col-
umns, died Thursday morning at
8:59 o'clock in St. Joseph's Hos-
pital, Baltimore, where she had
been taken for treatment two days
previously by her physician, Dr.
H. M. Harrison.

More than a month ago Mrs.
Ramer contracted a cold which
developed into a complication of
diseases, from which she suffered
greatly. She received every atten-
tion possible at the hands of Dr.
Harrison and a trained nurse, but
nonetheless all this she grew
weaker and the doctor advised hos-
pital treatment.

Mr. Ramer left Gettysburg on
the early Thursday morning train,
and was not aware of his wife's
death until he reached the Hos-
pital. The remains were brought
here on the evening train and
taken to the Ramer home on
Chambersburg street. The funeral
was held from St. Francis Xavier
church at 9:30 o'clock Saturday
morning. Rev. Fr. Croft officiating.
She was aged 29 years, 11

Today's Talk

BE STEADFAST

How many there are who are in-
fluenced by rumors, evil gossip and
fears. Be steadfast and it is pos-
sible for you to avoid them all.
Think forward and go forward —
there are no detours to faith!

Having a plan of life and re-
maining faithful to it, regardless of
events and changes, is to get a firm
grip upon life itself. How many
people fall out of line, get discour-
aged and flounder because of a
lack of equipment, and those who
do have it often don't know how to
use it!

Be steadfast. It is so assuring
and never lets you down. You are
led by confidence, and the only
road is the one ahead. Many a
time we are tempted to get out of
line, to try some alien philosophy,
but Mr. Steadfast steps in and tells
us not to lose courage or faith, but
to stay in line and become a finisher.

How many times we are remind-
ed of the fact that the race of life
is not to the swift, but the steady.
How often the plodder puts to
shame his more brilliant competi-
tors, and how often is that word
"steadfast" associated with the
word "true" — "steadfast and true."

During these strange times when
the false and shoddy are put for-
ward, it is heartening that there
are those who stick to the simple
and the genuine, who invest rather
than speculate. The sure way may
take more time, and is often more
rugged, but champions travel it!

Be steadfast. Keep faith. Do not
become troubled with the rise and
fall of the stock market. There are
values in human character great-
er than any ever quoted on the
Stock Exchange.

GOLF AT HOME

Back to the books of some writer
who knows.
Back to the articles penned by
the pros.
Back to the carpet which serves
for a green.
Where always the putting of
golfers is keen.
Back to the parlor to practice
the swing.
Back to perfection, while waiting
for spring.

Through in the sofa the pitch
shots should fall.
Some smash the pictures which
hang on the wall.
What if the brassie knocks
standing lamps flat?
Keep right on swinging and
never mind that.
Home is the golf course that's
easy to play.
Just follow through and let
happen what may.

Winter's approaching. The
locker room's still.
The club racks are empty and
so is the grill.
So back to the course where no
wind ever blows.
Add a hook or a slice in the
rough never goes.
Back to the pivot where simple
it seems.

Back to the parlor, to the books and
to dreams.

**Fire On Israeli
Town Near Galilee**

JERUSALEM (AP) — An Israeli
army spokesman said Syrian forces
opened fire Monday on the Israeli
settlement of En Gev along the
Sea of Galilee. He said there were
no casualties.

His report came as the U. N.
truce chief for Palestine flew to-
ward U. N. headquarters in New
York to report on the tense situa-
tion existing along Israel's bor-
ders with her Arab neighbors. A
Saturday night Israeli raid in
which three Syrians were reported
slain and five captured added
urgency to his mission.

**BIG FOUR WILL
TEST SPIRIT OF
GENEVA AGAIN**

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—When the Big
Four foreign ministers open their
three-week meeting in Geneva
Thursday, they will be making an-
other test of the so-called "spirit
of Geneva."

But it will not be the final test.
It will be just one more test. And
it probably will not be very suc-
cessful although at the end of it
the diplomats can be expected to
issue some pleasant bulletins about
progress of some kind.

If they make any progress it will
be an achievement since the three
main problems they will discuss at
Geneva have been big problems a
long time and are not likely of set-
tlement this soon.

The air of optimism could be
breathed in easily for a short time
after President Eisenhower met at
Geneva last July with Premier Bul-
ganin of Russia and the heads of
the British and French govern-
ments.

"Peaceful Intentions"
The world was astonished that
Russia and the West at Geneva
could not only get along so pleas-
antly but that they could get along
at all. At Geneva all sides ex-
pressed pious hopes and peaceful
intentions.

But, when it was boiled down,
all that happened at Geneva was
talk. Any concrete results of the
meeting there had to be shown by
deeds later. The Eisenhower ad-
ministration, as it faced tests of

the Geneva spirit, began to put a
damper on optimism.

The first test came early in the
fall at the United Nations when
the United States and Russia had
their first chance, since Geneva,
to discuss publicly the President's
sensational aerial inspection pro-
posal made at Geneva.

Three Main Problems
In the U. N. the United States
and Russia got nowhere. Now
comes the second test when Sec-
retary of State Dulles meets this
week at Geneva with Russia's For-
eign Minister Molotov and the for-
eign ministers of Britain and
France.

Eisenhower and the other three
members of the Big Four had
agreed their foreign ministers
would meet at this time to discuss
these three main problems:

(1) German unification and Eu-
ropean security; (2) disarmament;
(3) improving relations between
the West and Russia in trade and
exchange of visitors.

Almost since the end of World
War II the West and Russia have
not been able to agree on the un-
ification of Germany. Russia is ex-
pected again to balk at Western
unification proposals, for various
reasons.

Germany Is Issue
For example: it doesn't want a
united Germany in a military alli-
ance with the West but West Ger-
many is already in such an alli-
ance. If the West Germans and
Communist-run East Germans
voted now on unification and choos-
ing a single government the victo-
ry almost surely would go to a
non-Communist government which
would be allied with the West.

From the Russian viewpoint
there seems no reason to hurry on
this one. On the contrary, by hold-
ing out the bait of a united Ger-
many if the Germans agree to

organization that would satisfy the
Russians. If they want to be sat-
isfied.

Differ On Arms
At Geneva, Eisenhower suggest-
ed this country and Russia ex-
change blueprints on their military
establishments and permit each
other to check on those establish-
ments from the air.

The Eisenhower administration
says this is a plan that should be
preliminary to any agreements on
disarmament. The Russians want
to talk about general disarmament.
This whole business is up in the
air, unlikely to be solved at
Geneva.

As for improving relations be-
tween the West and Russia, per-
haps some minor agreements can
be made if the foreign ministers
ever have time to discuss this
problem. The other two problems
may take all their time.

When he left for Europe last Fri-
day Dulles wasn't making any big
predictions. The most he'd say was
that he hoped he and the other
foreign ministers could build "mod-
estly" on what the Big Four began
in Geneva last summer.

**President Will
Receive Puppy**

LONG BEACH, Cal. — President
Eisenhower will have the company
of a weimaraner puppy when he goes
to his Gettysburg, Pa. farm to recu-
perate, a dentist who tamed the dog
announced Monday.

Dr. Richard T. Street, one of the
nation's top authorities on the Euro-
pean breed, disclosed that he was
raising a weimaraner puppy for the
president who owns a female of the
same breed.

The dentist is the author of
"Weimaraner Affair." He reported
that the book came to the presi-
dent's attention and through his
aide, Gen. Arthur S. Nevin, he
wrote Dr. Street requesting a puppy.

"I informed General Nevin that
when we had a new litter, a choice
puppy would be set aside for the
president," Dr. Street said. "We
hope to have the puppy weaned in a
short while and then will fly him to
the president's farm."

TWO CALLED TO TESTIFY TODAY ON AUTOMATION

WASHINGTON (AP)—A 50-year-old operator replaced by a dial telephone—this, a labor union leader said today, is the real human drama of automation.

A businessman pictured automation as needed to make the next "break-through" to higher living standards for all Americans.

Joseph A. Belne, president of the CIO Communications Workers of America, and Marshall G. Munce, vice president of the York Corp., York, Pa., and chairman of the National Assn. of Manufacturers' Industrial Problems Committee, were scheduled witnesses before a Senate-House Economic subcommittee studying the effects of the growing use of automatic devices in business and industry.

Secretary of Labor Mitchell told the committee yesterday that preliminary studies "indicate that there is no reason to believe that this new phase of technology will result in overwhelming problems of readjustment."

Mitchell presented data which he said shows the rate of U. S. productivity gain has not increased much despite the recent trend toward labor-saving machines. The

data also suggested that machines have had no appreciable effect over-all of displacing workers from jobs.

In his talk prepared for today's session, Belne gave figures which he said showed "that unless automation is accompanied by literally fabulous increases in utilization of the fruits of production, it must of necessity result in job displacement."

He said that between 1953 and 1954 the number of telephones in the Bell Telephone system increased 4.6 per cent and the number of daily average telephone conversations climbed 3.8 per cent. But, he said, during the same period the number of operating company employees was reduced by approximately 10,000 from the 1953 force of 587,339, or a little less than 2 per cent.

Munce also mentioned the telephone industry in his prepared remarks. He said telephone communications and oil refining have been named as industries where automation already has been applied extensively for some 30 years.

"In oil refining employment has increased 174 per cent since 1920," he said, "and in the operating telephone companies it has increased 130 per cent."

He said that the increased availability of motor fuels and of telephone service—resulting from better and cheaper ways of producing them—has led to an enormous expansion in their use.

W. F. SCHUTTE DIES SUDDENLY

HARRISBURG (AP)—William F. Schutte, a deputy attorney general, died of a heart attack at a hearing of the state Milk Control Commission yesterday. He was 57.

Schutte, assigned to the Milk Control Commission, walked to his office during a recess of a commission hearing and died in his chair. His home was in Beaver Falls.

The commission was hearing a citation case of a claim of underpayment by a milk dealer at the time.

Joab K. Mahood, chairman of the commission, described Schutte's death in this way: "We were holding a milk dealer citation hearing here. We called a brief recess and Mr. Schutte walked back to his private office. Nobody noticed whether he was feeling ill. When we called for him, he had died in his office. It happened that quick."

Mahood said the bachelor attorney had recently returned from a moose hunting trip in Quebec "which I presume didn't do him any good."

"He'd had some trouble with angina pectoris (heart disease) for some time," the chairman added.

Mahood said Schutte was an "extremely hard worker. He put everything he had into a case, whether it was big or small."

Seek New Move To Show Sunday Movies

HARRISBURG (AP)—It would be unnecessary to hold a referendum to legalize Sunday movies in townships under a Senate bill sponsored by Sen. Dent, Democratic floor leader.

Under the proposal, submitted yesterday, a petition listing the names of 20 per cent of the voters in a township could legalize Sunday movies if submitted to the county commissioners.

The measure would also provide for the Sunday movie question to be placed on the ballot in either a general or municipal election. At present, such referenda are limited to municipal elections.

Service Award Is Presented To Grange

SCRANTON, Pa. (AP)—Harmony Grange 1201, of Westover, Clearfield County, today won the Pennsylvania state grange's annual community service award.

Announcement of the winner was made at the state convention in session here today through Thursday.

In reporting the winner, J. Collins McSparran, secretary of the state organization, said the Harmony Grange has a membership of 287. Its master is James Mitchell, of Mahaffey.

Winning second place was the Hookstown Grange 1980, of Hookstown, Beaver County. The third place winner was the Ontelaunee Grange 1817, of West Leesport, Berks County.

SEEK ORIGIN OF \$260,000 BLAZE IN HARRISBURG

HARRISBURG (AP)—Firemen today sifted the ruins of a downtown warehouse to determine the origin of a general alarm fire which caused damage estimated by the owners at \$260,000.

The fire, driven by gale-like winds, swept through the Allis-Chalmers Manufacturing Co. warehouse and destroyed the building's contents, mostly farm machinery. In less than an hour despite efforts of the city's total fire-fighting fleet.

One fireman, Robert Stevens, was injured while battling the blaze and was treated at Harrisburg Hospital for a cut thumb.

The fire raged out of control for almost an hour before being brought under control. Residents of eight row houses adjoining the warehouse fled to the streets while firemen carried three bedridden persons to safety from nearby buildings.

Homes Evacuated
Although sparks were showered over a wide area, the blaze was confined to the warehouse and a small section of the adjoining state publications building, which suffered fire and water damage when

SAYS BUSINESS MUST SETTLE RACIAL ISSUE

WASHINGTON (AP)—Secretary of Labor Mitchell said today "it is up . . . to the businessmen of the nation to solve" the problem of racial and religious discrimination in employment.

Mitchell's remarks were prepared for a government-sponsored meeting of 65 presidents and board chairmen of some of the nation's leading business firms, called to tackle the problem of hiring and promotion discrimination because of race, religion, color or national origin. Mitchell called such bias "a management problem."

The meeting, under the chairmanship of Vice President Nixon, was sponsored by President Eisenhower's Committee on Government Contracts. Besides Mitchell, listed speakers included Secretary of Commerce Weeks and Deputy Secretary of Defense Reuben B. Robertson Jr.

"Discard Bias"
Mitchell said business and industry should discard bias in employment just as they should discard "outmoded machines." He said equality of job opportunity is "good business" both for maintaining worker morale and efficiency and for making the best use of the nation's manpower resources.

"It is important," he said, "that we develop solutions at meetings such as this because this in essence is a management problem and it is, in the last analysis, up to the businessmen of the nation to solve it."

"Of one thing I am sure. If we flames broke through a third-floor wall."

Charles E. Webster, branch manager for the company, estimated damage to the contents of the warehouse at \$260,000 while John Hall, owner of the brick structure, said his loss would approximate \$60,000.

Firemen advised many persons living near the warehouse to evacuate their homes and many did with prized possessions.

Street lights went out along three blocks of Market Street during the blaze and power failed in the Pennsylvania Power and Light and State Publication buildings. The power and light building, although adjoining the warehouse, escaped damage, firemen said.

The warehouse is about four blocks from the main Harrisburg business district.

Air Force Bombs Pesky Mosquitoes

DOVER, Del. (AP)—Mosquitoes who settled down to launch their pesky attack around the Air Force Base at Dover were just plain asking for it, the Air Force figures.

The Air Force retaliated with a counter air attack—and then some—called "Operation Mosquito." A C-47 was equipped for aerial spraying, flew low and splashed the mosquitoes with a mixture of insecticide and light oil.

The casualties were beyond calculation, the Air Force said.

do not find a solution, somebody else is going to find it for us."

The meeting was called as part of President Eisenhower's campaign to combat job bias by persuasion, rather than resorting to such instruments of compulsion as a federal fair employment practices commission.

Robertson said in his prepared remarks the Defense Department is striving for better enforcement of contract clauses prohibiting discriminatory employment practices.

France Acknowledges South Viet Nam Chief

PARIS (AP)—A Foreign Office spokesman said Monday the French government will accept the results of Sunday's referendum in South Viet Nam and recognize Premier Ngo Dinh Diem.

The decision represents a sharp turn in policy for France, which has supported former Emperor Bao Dai. He was installed as chief of state by the French in 1949. Since then he has spent most of his time in this country.

OUSTED PRIESTS ARE BACK HOME IN ARGENTINA

By SAM SUMMERLIN
BUENOS AIRES (AP) — Argentina was waking up to a cool, foggy dawn when a heavily armed police escort hustled two Roman Catholic prelates from downtown Buenos Aires to the capital's international airport. That was June 15.

The churchmen, Auxiliary Bishop Manuel Tato and Provicar Ramon Novoa, both of the Buenos Aires diocese, had one-way tickets to Rome and not even a change of clothing.

They waved to a photographer as they boarded an airliner. Juan Peron's press printed the picture under a headline saying the two priests had "fled" their homeland. This episode caught Argentina and the world by surprise but the clergymen became symbols of the bitter feud Peron was waging with the Church.

30,000 Attend Mass
Today the two priests are home again and Peron has fled to exile in Paraguay.

Where do relations stand now in Argentina? What wounds of the eight-month struggle between the fallen dictator and the church have been healed? And what still remains to be done?

Sunday some 30,000 persons jammed Buenos Aires' big Metropolitan cathedral and the plaza outside to hear Bishop Tato celebrate Mass.

Home only one day, the Bishop was showered with the cheers and prayers of his countrymen. The wife of provisional President Eduardo Lonardi and Rear Adm. Isaac Rojas, provisional vice president and a hero of the rebellion, were among those attending the ceremony.

The Bishop asked forgiveness for those who burned the Argentine flag in the stormy days before Peron fell. Peron blamed the flag burning on the church but now Peron's own followers say he was responsible for the incident.

The gesture by Bishop Tato underlined the first religious change brought about by the Lonardi government — an end to public proclamations aimed at inciting bitterness between the people and the Roman Catholic Church, Argentina's state religion.

2 MORE DEATHS IN PLANE CRASH

NORTH HOLLYWOOD, Calif. (AP) — Two more deaths have brought to eight the total killed by the crash of millionaire sportsman Joel Thorne's plane into an apartment house last Monday night.

Miss Anna Preschano, 41, Lyndhurst, N. J., and Mrs. Laura Marchica, 38, succumbed Sunday to burns.

They were sisters of Mike Preston, 31, who is ill in critical condition as is Mrs. Marchica's daughter Patricia, 9.

Patricia and Preston are the only survivors of a family group of eight who were celebrating the baptism a few hours earlier of 7-week-old Sheryl Preston. The celebration was at the Preston apartment.

Killed in the crash were the baby, Thorne, and an 18-year-old bride of two months, Mrs. Betty Wolf. Then Patricia's brother Johnny Marchica, 6, died. Friday night Mrs. Shirley Preston, 25, wife of Mike and mother of the baby, died. So did Frank Marchica, 38, Preston's brother-in-law.

Expresses Thanks For Farm Picture

Miss Charlotte Pringle, of Chicago, who spends her summers with her grandparents, Mr. and Mrs. Byers, R. 2, recently sent a picture of the Eisenhower farmhouses to the Eisenhowers. She received the following reply from Mrs. Eisenhower:

"The President and I were so happy to hear from you, and we were especially pleased that you drew the lovely picture of our Gettysburg farm. It is one of the nicest sketches we have of it and you are certainly to be complimented on your artistic ability, Charlotte, as well as your thoughtfulness in making this special gift for us.

"What fun you must have had this summer visiting your grandparents in Gettysburg! It is such a lovely place and I am always sad when I must leave my home — you have made me miss being there with this delightful picture in which I even caught a glimpse of the windmill.

"The President joins me in sending you warm good wishes."

BURNING LEAVES

Fairfield firemen were called to a "false alarm" Saturday. Smoke swirling near the Russell Bigham property in the Iron Springs section led to the call. Arriving at Bigham's property firemen learned that the blaze was at the summer home of James McCutcheon, where the latter was burning leaves and brush.

HIGHWAY DEATHS NUMBER EIGHT OVER WEEKEND

By THE ASSOCIATED PRESS
Eight persons lost their lives over the weekend on Pennsylvania highways. There was one drowning.

Three Pennsylvanians died in accidents outside the state.

George McDowell, 23, and Betty Reed, 23, both of Philadelphia, were killed Sunday in a two-car collision at Berlin, N. J., in which six others were injured.

John E. Walker, 42, an Army ordnance metallurgist from York, died Sunday from injuries suffered Saturday in a two-car crash at Washington, D. C. and an automobile ran off a road near Newark, N. J. Saturday night, killing Miss Ann Reed of Rockledge, in Montgomery County.

Pedestrian Dies

Forrest Westervelt, 9, of Reading was killed by a car Saturday. Police said the boy dashed from between two parked cars.

A freshman student at Pennsylvania State University, William McGarvey, 24, was killed early Saturday in an automobile crash near Bellefonte. Police said the car struck a tree and rolled over.

A car struck a utility pole near Canonsburg Sunday, killing Miss Ann Mae Solensky, 27. Three other persons were injured.

73-Year-Old Loses Life

John Donnelly, a 73-year-old pedestrian, was killed by a car Sunday on a highway between Mount Carmel and Locust Gap, where he lived.

Harry L. Quinn, 63, fell from a Reading Co. railroad bridge Sunday and drowned in the Susquehanna River.

Charles M. Kelly, 5, of Altoona, was killed Saturday in a fall from a truck. She tumbled through an open door onto a street.

Car Fails To Stop

The body of Robert H. Steeves, 31, of R. 3, Blairsville, was found Saturday on Route 680 in Blairsville. Authorities said Steeves apparently was the victim of a car that failed to stop. James Davis, 67, was held on bond in connection with the death.

Mark D. Hollenback, 17, of Sunbury, was killed Sunday in the crash of a car into a bridge abutment near Harrisburg. State police said he apparently fell sleep at the wheel.

William Nauss, 37, was struck and killed while riding a bicycle near Numidia in Columbia County Sunday.

Orville Hunter, 24, of Muhlenberg, was critically injured in a two-car collision near Shickshinny Sunday. Four other persons also were injured.

FOREIGN AID DROPS

WASHINGTON (AP)—United States net foreign aid dropped 760 million dollars in the 12 months ended last June 30. The total net foreign aid spending figure was 4 1/2 billion dollars.

The Commerce Department attributed the decrease to a 28 per cent decline in military aid. Most of this drop affected Western European countries.

Nonmilitary aid reversed a five-year downward trend and increased by 23 per cent during the 12 months.

OFFICIALS FIGHT ADDICTION WITH CLINICAL CARE

By RICHARD L. GRAVES
HARRISBURG (AP)—A top Pennsylvania health official Monday called for establishment of state facilities to treat narcotics patients as a prime move in the continuing battle against drug addiction.

"There is no state institution for treatment of drug addiction," declared Dr. J. Thomas Millington, chief of preventive services in the state Health Department.

"One of the basic needs is for facilities for treatment of the addict," he added. He said the only hospital available to Pennsylvanians trapped by drug addiction is the Federal Narcotics Hospital at Lexington Ky. The other alternative is imprisonment.

"Lexington is overcrowded drastically," Millington said.

Outline Future Program
In a Health Department report outlining its program for the next two years a number of officials noted the need for facilities to treat drug addiction.

"If a clinic or clinics and an in-patient facility materialize there will be evidence that an added service has been made available to such persons," the report said adding:

"If judges refer patients to such centers when they first come to the attention of the court rather than after parole or between arrests then an advance will have been made in the area of earlier treatment and hopefully prevention."

The need for facilities for treatment of narcotics addiction was spotlighted last week by sweeping raids in the Philadelphia area which netted 108 persons charged as illegal narcotics sellers and addicts.

Millington said there was no way of estimating the actual number of narcotics addicts but indicated it ran into the thousands especially in the major urban centers of Philadelphia and Pittsburgh.

Jack Dempsey will play the role of an assistant radio broadcaster in "Somebody Up There Likes Me," a film based on Rocky Graziano's life story.

Stevenson Is Host At Committee Party

LIBERTYVILLE, Ill. (AP)—Adlai E. Stevenson did a little political fence mending Sunday at his 70-acre farm.

He entertained Lake County Democratic precinct committeemen and others—about 200 in all. But the 1952 Democratic presidential nominee did not divulge his 1956 plans to his neighbors. He is expected to make the announcement next month.

Sen. John Sparkman of Alabama, who was the nominee for vice president on the ticket headed by Stevenson, was an overnight guest at the farm.

WESTERN THREE EXAMINE UNITY; SECURITY PLAN

By JOSEPH E. DYNAN
PARIS (AP)—The Western Big Three foreign ministers completed work Monday on the first part of a joint memorandum they will submit at the Big Four conference at Geneva. The first point concerns proposals for German reunification within a European security system.

The ministers, U. S. Secretary of State John Foster Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay met with experts until shortly after 1 p.m. They were to meet again to examine the remaining points of the memorandum, concerning disarmament and East-West relations.

French sources said the ministers quickly reached complete agreement on details of a joint Western position regarding Germany.

Wilson Hears Talks
U. S. Secretary of Defense Charles Wilson, who is on his way to the Geneva meeting, also sat in on Monday's talks.

The big issues at the Geneva conference will be German reunification, European security, and disarmament. But side issues were coming to the fore to plague the Western trio.

Moshe Sharet, Israeli's prime minister, was all set to toss in their laps a frying-hot issue: What are they going to do about the sale of arms by the Soviet bloc to Egypt?

Overnight two other thorny problems arose and were likely to be thrust into their consultations. These were:

1. The collapse in the Saar plebiscite of Western plans to "Europeanize" that frontier valley as a keystone of French-German reconciliation; and
2. The overwhelming victory of Premier Ngo Dinh Diem of South Viet Nam over chief of state Bao Dai in a referendum. This virtually eliminated any possibility of a unification election in Indochina as provided by the 1954 Geneva armistice conference at which the British and Russian foreign ministers were cochairmen.

Pedestrian Dies

Forrest Westervelt, 9, of Reading was killed by a car Saturday. Police said the boy dashed from between two parked cars.

A freshman student at Pennsylvania State University, William McGarvey, 24, was killed early Saturday in an automobile crash near Bellefonte. Police said the car struck a utility pole near Canonsburg Sunday, killing Miss Ann Mae Solensky, 27. Three other persons were injured.

73-Year-Old Loses Life

John Donnelly, a 73-year-old pedestrian, was killed by a car Sunday on a highway between Mount Carmel and Locust Gap, where he lived.

Harry L. Quinn, 63, fell from a Reading Co. railroad bridge Sunday and drowned in the Susquehanna River.

Charlene M. Kelly, 5, of Altoona, was killed Saturday in a fall from a truck. She tumbled through an open door onto a street.

Car Fails To Stop

The body of Robert H. Steeves, 31, of R. 3, Blairsville, was found Saturday on Route 680 in Blairsville. Authorities said Steeves apparently was the victim of a car that failed to stop. James Davis, 67, was held on bond in connection with the death.

Mark D. Hollenback, 17, of Sunbury, was killed Sunday in the crash of a car into a bridge abutment near Harrisburg. State police said he apparently fell sleep at the wheel.

William Nauss, 37, was struck and killed while riding a bicycle near Numidia in Columbia County Sunday.

Orville Hunter, 24, of Mühlenberg, was critically injured in a two-car collision near Shickshinny Sunday. Four other persons also were injured.

FOREIGN AID DROPS

WASHINGTON (AP)—United States net foreign aid dropped 760 million dollars in the 12 months ended last June 30. The total net foreign aid spending figure was 4½ billion dollars.

The Commerce Department attributed the decrease to a 28 per cent decline in military aid. Most of this drop affected Western European countries.

Nonmilitary aid reversed a five-year downward trend and increased by 23 per cent during the 12 months.

OFFICIALS FIGHT ADDICTION WITH CLINICAL CARE

By RICHARD L. GRAVES

HARRISBURG (AP)—A top Pennsylvania health official Monday called for establishment of state facilities to treat narcotics patients as a prime move in the continuing battle against drug addiction.

"There is no state institution for treatment of drug addiction," declared Dr. J. Thomas Millington, chief of preventive services in the state Health Department.

"One of the basic needs is for facilities for treatment of the addict," he added, he said the only hospital available to Pennsylvanians trapped by drug addiction is the Federal Narcotics Hospital at Lexington Ky. The other alternative is imprisonment.

Outline Future Program

In a Health Department report outlining its program for the next two years a number of officials noted the need for facilities to treat drug addiction.

"If a clinic or clinics and an in-patient facility materialize there will be evidence that an added service has been made available to such persons" the report said adding:

"If judges refer patients to such centers when they first come to the attention of the court rather than after parole or between arrests then an advance will have been made in the area of earlier treatment and hopefully prevention."

The need for facilities for treatment of narcotics addiction was spotlighted last week by sweeping raids in the Philadelphia area which netted 108 persons charged as illegal narcotics sellers and addicts.

Millington said there was no way of estimating the actual number of narcotics addicts but indicated it ran into the thousands especially in the major urban centers of Philadelphia and Pittsburgh.

Jack Dempsey will play the role of an assistant radio broadcaster in "Somebody Up There Likes Me," a film based on Rocky Graziano's life story.

Stevenson Is Host At Committee Party

LIBERTYVILLE, Ill. (AP)—Adlai E. Stevenson did a little political fence mending Sunday at his 70-acre farm.

He entertained Lake County Democratic precinct committeemen and others—about 200 in all. But the 1952 Democratic presidential nominee did not divulge his 1956 plans to his neighbors. He is expected to make the announcement next month.

Sen. John Sparkman of Alabama, who was the nominee for vice president on the ticket headed by Stevenson, was an overnight guest at the farm.

WESTERN THREE EXAMINE UNITY; SECURITY PLAN

By JOSEPH E. DYNAN

PARIS (AP)—The Western Big Three foreign ministers completed work Monday on the first part of a joint memorandum they will submit at the Big Four conference at Geneva. The first point concerns proposals for German reunification within a European security system.

The ministers, U. S. Secretary of State John Foster Dulles, British Foreign Secretary Harold Macmillan and French Foreign Minister Antoine Pinay met with experts until shortly after 1 p.m. They were to meet again to examine the remaining points of the memorandum, concerning disarmament and East-West relations.

French sources said the ministers quickly reached complete agreement on details of a joint Western position regarding Germany.

Wilson Hears Talks

U. S. Secretary of Defense Charles Wilson, who is on his way to the Geneva meeting, also sat in on Monday's talks.

The big issues at the Geneva conference will be German reunification, European security, and disarmament. But side issues were coming to the fore to plague the Western trio.

Moshe Sharett, Israeli's prime minister, was all set to toss in their laps a frying-hot issue: What are they going to do about the sale of arms by the Soviet bloc to Egypt?

Overnight two other thorny problems arose and were likely to be thrust into their consultations. These were:

1. The collapse in the Saar plebiscite of Western plans to "Europeanize" that frontier valley as a keystone of French-German reconciliation; and

2. The overwhelming victory of Premier Ngo Dinh Diem of South Viet Nam over chief of state Bao Dai in a referendum. This virtually eliminated any possibility of a unification election in Indochina as provided by the 1954 Geneva armistice conference at which the British and Russian foreign ministers were cochairmen.

TWO CALLED TO TESTIFY TODAY ON AUTOMATION

WASHINGTON (AP)—A 50-year-old operator replaced by a dial telephone—this, a labor union leader said today, is the real human drama of automation.

A businessman pictured automation as needed to make the next "break-through" to higher living standards for all Americans.

Joseph A. Belne, president of the CIO Communications Workers of America, and Marshall G. Munce, vice president of the York Corp., York, Pa., and chairman of the National Assn. of Manufacturers' Industrial Problems Committee, were scheduled witnesses before a Senate-House Economic subcommittee studying the effects of the growing use of automatic devices in business and industry.

Secretary of Labor Mitchell told the committee yesterday that preliminary studies "indicate that there is no reason to believe that this new phase of technology will result in overwhelming problems of readjustment."

Mitchell presented data which he said shows the rate of U. S. productivity gain has not increased much despite the recent trend toward labor-saving machines. The

data also suggested that machines have had no appreciable effect over-all of displacing workers from jobs.

In his talk prepared for today's session, Belne gave figures which he said showed "that unless automation is accompanied by literally fabulous increases in utilization of the fruits of production, it must of necessity result in job displacement."

He said that between 1953 and 1954 the number of telephones increased 4.6 per cent and the number of daily average telephone conversations climbed 3.8 per cent. But, he said, during the same period the number of operating company employees was reduced by approximately 10,000 from the 1953 force of 587,332, or a little less than 2 per cent.

Munce also mentioned the telephone industry in his prepared remarks.

He said telephone communications and oil refining have been named as industries where automation already has been applied extensively for some 30 years.

"In oil refining employment has increased 174 per cent since 1920," he said, "and in the operating telephone companies it has increased 130 per cent."

He said that the increased availability of motor fuels and of telephone service—resulting from better and cheaper ways of producing them—has led to an enormous expansion in their use.

W. F. SCHUTTE DIES SUDDENLY

HARRISBURG (AP)—William F. Schutte, a deputy attorney general, died of a heart attack at a hearing of the state Milk Control Commission yesterday. He was 57.

Schutte, assigned to the Milk Control Commission, walked to his office during a recess of a commission hearing and died in his chair. His home was in Beaver Falls.

The commission was hearing a citation case of a claim of underpayment by a milk dealer at the time.

Joseph K. Mahood, chairman of the commission, described Schutte's death in this way:

"We were holding a milk dealer citation hearing here. We called a brief recess and Mr. Schutte walked back to his private office. Nobody noticed whether he was feeling ill. When we called for him, he had died in his office. It happened that quick."

Mahood said the bachelor attorney had recently returned from a mouse hunting trip in Quebec "which I presume didn't do him any good."

"He'd had some trouble with asthma pectoris (heart disease) for some time," the chairman added.

Mahood said Schutte was an "extremely hard worker. He put everything he had into a case, whether it was big or small."

Service Award Is Presented To Grange

SCRANTON, Pa. (AP)—Harmony Grange 1201, of Westover, Clearfield County, today won the Pennsylvania state grange's annual community service award.

Announcement of the winner was made at the state convention in session here today through Thursday.

In reporting the winner, J. Collins McSparran, secretary of the state organization, said the Harmony Grange has a membership of 287. Its master is James Mitchell, of Mahaffey.

Winning second place was the Hookstown Grange 1980, of Hookstown, Beaver County. The third place winner was the Ontelaunee Grange 1917, of West Leesport, Berks County.

SAYS BUSINESS MUST SETTLE RACIAL ISSUE

By NORMAN WALKER

WASHINGTON (AP)—Secretary of Labor Mitchell said today "it is up to the businessmen of the nation to solve" the problem of racial and religious discrimination in employment.

Mitchell's remarks were prepared for a government-sponsored meeting of 65 presidents and board chairmen of some of the nation's leading business firms, called to tackle the problem of hiring and promotion discrimination because of race, religion, color or national origin. Mitchell called such bias "a management problem."

The meeting, under the chairmanship of Vice President Nixon, was sponsored by President Eisenhower's Committee on Government Contracts. Besides Mitchell, listed speakers included Secretary of Commerce Weeks and Deputy Secretary of Defense Reuben B. Robertson Jr.

"Discard Bias"

Mitchell said business and industry should discard bias in employment; just as they should discard "outmoded machines." He said equality of job opportunity is "good business" both for maintaining worker morale and efficiency and for making the best use of the nation's manpower resources.

"It is important," he said, "that we develop solutions at meetings such as this because this in essence is a management problem and it is, in the last analysis, up to the businessmen of the nation to solve it."

"Of one thing I am sure. If we flames broke through a third-floor wall."

Charles E. Webster, branch manager for the company, estimated damage to the contents of the warehouse at \$200,000 while John Hall, owner of the brick structure, said his loss would approximate \$60,000.

Firemen advised many persons living near the warehouse to evacuate their homes and many did with prized possessions.

Street lights went out along three blocks of Market Street during the blaze and power failed in the Pennsylvania Power and Light and State Publication buildings. The power and light building, although adjoining the warehouse, escaped damage, firemen said.

The warehouse is about four blocks from the main Harrisburg business district.

SEEK ORIGIN OF \$260,000 BLAZE IN HARRISBURG

HARRISBURG (AP)—Firemen today sifted the ruins of a downtown warehouse to determine the origin of a general alarm fire which caused damage estimated by the owners at \$260,000.

The fire, driven by gale-like winds, swept through the Allis-Chalmers Manufacturing Co. warehouse and destroyed the building's contents, mostly farm machinery, in less than an hour despite efforts of the city's total fire-fighting fleet.

One fireman, Robert Stevens, was injured while battling the blaze and was treated at Harrisburg Hospital for a cut thumb.

The fire raged out of control for almost an hour before being brought under control. Residents of eight row houses adjoining the warehouse fled to the streets while firemen carried three bedridden persons to safety from nearby buildings.

Homes Evacuated

Although sparks were showered over a wide area, the blaze was confined to the warehouse and a small section of the adjoining state publications building, which suffered fire and water damage when

Air Force Bombs Pesky Mosquitoes

DOVER, Del. (AP)—Mosquitoes who settled down to launch their pesky attack around the Air Force Base at Dover were just plain asking for it, the Air Force figures.

The Air Force retaliated with a counter air attack—and then some—called "Operation Mosquito."

A C-47 was equipped for aerial spraying, flew low and splashed the mosquitoes with a mixture of insecticide and light oil.

The casualties were beyond calculation, the Air Force said.

APPOINTED TRUSTEE

HARRISBURG (AP)—Gov. Leader yesterday asked the Senate to confirm the appointment of Dr. Peter A. Justin, Mount Carmel, as a member of the board of trustees at Danville State Hospital, to succeed Robert M. Thomas, Shamokin, who resigned.

France Acknowledges South Viet Nam Chief

PARIS (AP)—A Foreign Office spokesman said Monday the French government will accept the results of Sunday's referendum in South Viet Nam and recognize Premier Ngo Dinh Diem.

The decision represents a sharp turn in policy for France, which has supported former Emperor Bao Dai. He was installed as chief of state by the French in 1949. Since then he has spent most of his time in this country.

Seek New Move To Show Sunday Movies

HARRISBURG (AP)—It would be unnecessary to hold a referendum to legalize Sunday movies in townships under a Senate bill sponsored by Sen. Dent, Democratic floor leader.

Under the proposal, submitted yesterday, a petition listing the names of 20 per cent of the voters in a township could legalize Sunday movies if submitted to the county commissioners.

The measure would also provide for the Sunday movie question to be placed on the ballot in either a general or municipal election. At present, such referenda are limited to municipal elections.

Leader Legislation Hinges On Election Returns Nov. 8

By LIONARD A. UNGER
HARRISBURG (P) — The first clearest test of voter sentiment on the policies of the Leader administration may be provided by a special election Nov. 8 to fill a state senatorial vacancy.

The two candidates seeking to fill the vacancy created by the death of Sen. Patrick J. Toole (D-Luzerne) are split right down the middle on their attitude toward the legislative program of Gov. Leader.

Former Sen. Peter M. Maigle, one-time West Pittston publisher who served in the Senate prior to Toole, is committed flatly to supporting the Democratic administration.

"Right Down The Line"

"I'm campaigning on Gov. Leader's program right down the line," he told a newsman. "My victory at the polls of course, will be an endorsement of the governor's program."

His Republican opponent, William H. Davis, deputy county controller, asserted:

"I'm absolutely opposed to any form of income or wage tax and I would vote against it if Leader proposed another one."

Toole, who was winding up two four-year terms in the Senate before his death in Harrisburg last August, voted for Leader's 411 million dollar classified income tax proposal. The Senate GOP majority, however, defeated the measure.

Has Gone Democratic

The 21st Senatorial District is predominantly Republican—65,000 to about 35,000 Democrats. But in recent presidential election years it has gone Democratic.

Contrasted in this factor is the fact that in municipal elections voters have turned in for the GOP.

But both Maigle and Davis were agreed that their contest would reflect statewide issues, rather than those of local note. The winner would take his seat in the Senate as soon as he is certified, probably within a week or 10 days after the election.

Provides Clue

Less directly, the quest of 10 present legislators for local office Nov. 8 also may provide a clue to the Democratic administration policies.

Five Democrats and an equal number of Republicans are on the ballot in nine counties seeking such offices as mayor, judge, sheriff, councilman or county commissioner.

Seek County Offices

They include Sens. Eustace N. Bane (D-Fayette) and Donald P. McPheon (R-Adams), seeking judgeships; William J. Lane (D-Washington) and G. Graybill Diehl (R-Lancaster) seeking reelection as county commissioners.

House members running for local office include Reps. Nolan F. Ziegler (R-Dauphin), for mayor of Harrisburg; Harold A. Vetter (D-Berks), for sheriff; William B. Curwood (D-Luzerne), for sheriff; Henry G. Spencer (D-Lackawanna), county commissioner; Wilbur N. Hamilton (R-Phila.), Philadelphia City Council; and John G. Kubacki (D-Berks), Reading City Council.

MOTHER COLLAPSES AT SONS' FUNERAL

Mrs. Anton Schuessler is carried by unidentified men as she collapses when the caskets containing bodies of her sons, John, 13 and Anton, Jr., 11, are carried into St. Tarcissus Catholic Church in Chicago for burial services. The boys, along with Robert Peterson, 14, were found slain Oct. 18 in a forest preserve area just west of Chicago.

EXPECT BITTER CLASHES WHEN BIG FOUR MEET

By JOHN M. HIGHTOWER
GENEVA (P)—The second round of this year's East-West negotiations at Geneva almost certainly will produce sharp clashes between Western spokesmen and Soviet Foreign Minister Molotov — with Germany at the center of the controversies.

In the encounters following up the summit conference last July, the Big Four foreign ministers are expected to put to severe test the "spirit of Geneva" developed when President Eisenhower and Soviet Premier Bulganin met here with British Prime Minister Eden and French Premier Faure.

The July conference succeeded mainly in establishing a courteous, top-level contact between the Soviet and Western governments and in dramatizing the fact that both sides would rather talk and ease world tensions than let their 10-year-old conflict drift.

Grave Issues Ahead

But the July conference actually did not solve any of the outstanding problems. The heads of government assigned the foreign ministers the task of detailed negotiations on German reunification, European security, some aspects of disarmament and freer contacts between Russia and the Western Powers.

Now, in the meetings opening here Thursday, it is up to both sides to find out how much of the good will displayed here in July can be translated into action.

U.S. Secretary of State Dallas, British Foreign Secretary Macmillan and French Foreign Minister Pinay will be prepared to insist that the first and greatest problem before the conference is that of uniting West and East Germany. They will argue that there can be no secure peace in Europe until unification is achieved.

Molotov following the line already laid down by Bulganin is expected to contend that the time for uniting Germany has not arrived and will not come so long as West Germany remains a member of the North Atlantic Alliance.

According to all the evidence to date, he will insist that first the Atlantic Alliance must be replaced by an all-European security system.

Rush Steel Work On Delaware Bridge

NEW BRUNSWICK, N. J. (P) — Steel erection on the Delaware River Turnpike Bridge is slated for completion within the next six to eight weeks, the N. J. Turnpike Authority says.

The six-lane span will be fully completed some time next year and when connecting roadways to the Pennsylvania Turnpike are finished motorists will be able to travel from New York to the outskirts of Chicago on a continuous toll road.

In its announcement Sunday, the Turnpike Authority said "considerable portions" of deck work have been completed on the eastern end of the bridge from Florence, N. J. to Edgely, Pa.

Find Charred Body After Auto Blaze

PHILADELPHIA (P) — The charred body of a man was found by firemen Monday in the back seat of a burning automobile parked on Castor Ave. at Herbert St. in Philadelphia's Frankford section.

Police said it could not be immediately established if the man was dead when the fire started, or was burned to death in the blaze. An autopsy is to be performed.

The dead man was identified tentatively from papers found in the auto as Joseph J. Fitch Jr. of Claydon, Bucks County.

John M. Roddy Jr., Emmitsburg has been transferred from the Cumberland office of the Nationwide Insurance Co., which he managed, to Alexandria, Va. where he will be in charge of that branch. Mr. Roddy and his family expect to move to Virginia next summer. He is a graduate of Mt. St. Mary's College, Emmitsburg where he was registrar for about 12 years.

WEST PLANS TO OFFER PACKAGE DEAL TO REDS

By JOHN M. HIGHTOWER
GENEVA (P)—In a few days the Western Powers will offer Russia a package deal for unification of Germany on Western terms. In exchange they will offer Moscow security guarantees against any new German military adventures.

The Western proposal is designed to remove Russia's fear of uniting East and West Germany. But it is not designed primarily to give Russia anything of value in return for agreeing to German unification.

The West hasn't the slightest idea of agreeing to a setup which would facilitate moves by a united Germany to sever the ties so laboriously forged between the Bonn government and the West and now climaxed by West Germany's membership in NATO.

Won't Dissolve NATO

Least of all do the Western Powers have any intention of meeting Russia's basic goal — dissolving NATO itself.

Consequently, the Western deal seems sure to get the currently polite version of the Russian reply — no — just as firmly as in the old days when the word became famous as a term of harsh rejection.

The prospective bargaining over German unification illustrates a fundamental point about the present state of relations between the United States, Britain and France on the one hand and Russia on the other.

Neither side is prepared yet to give up any position, interest or territory of great value just for the sake of improving East-West relations or easing tensions.

Communists-governed East Germany is a strategic and political holding of enormous importance to the Soviet Union. Soviet Premier Bulganin and Foreign Minister Molotov have made clear that Russia does not intend to yield that position to the West at this time.

Frown On Merger

West Germany is just as vital to the political and military strength of the West. Much as they say they want Germany unified, the United States, Britain and France are not interested in a merger at the cost of Soviet gains in rich and populous West Germany.

But there are at least two reasons the Geneva meeting may not be fruitful.

1. Neither Russia nor the Western Powers can ever be entirely sure when the other side may be willing to give a little bit on some point.

2. Both sides are under pressure to move at the bar of public opinion. On their intentions their attitudes toward peace, and their policies on various specific issues.

The deal the West is prepared to offer provides for a security treaty with Russia demilitarization of East Germany and reduction of armaments in Europe.

SOLONS TO QUIT UNTIL NOV. 14

HARRISBURG (P) — A skeleton force of lawmakers Monday was set to discuss a possible two-week recess of the General Assembly and a delay on tax and school aid decisions until after Nov. 14.

"With the hotel room shortage and the election campaign coming up it looks like we may recess until next month," said Rep. Lovett, assistant House Democratic floor leader.

A similar opinion was expressed by Sen. Peckham, assistant Republican floor leader, who said arrangements are being made for hotel rooms at nearby Hershey for a session the week of Nov. 14.

Only non-controversial legislation was slated for today's sessions of both House and Senate which return to work after a week's recess.

The recess last week was forced by a meeting in Florida of the Commission on Interstate Cooperation, which includes Republican and Democratic leaders from the Pennsylvania Assembly.

Out-of-town entrants and spectators to the Pennsylvania National Horse Show have created a scarcity of hotel rooms in the city this week.

Gov. Leader has taken the position that school appropriations should be held up until the tax impasse is resolved. However, more than 96 million dollars are due in October and November in school subsidies.

The 566 million dollar general school appropriations measure, providing for state grants to schools during the two years starting last June 1 is stalled in the House after passing the Senate.

STEELMAKERS PLAN ANOTHER PRICE BOOST

By SAM DAWSON
NEW YORK (P) — The steel industry—basic supplier of many another American industry—is talking about raising prices again. The talk isn't so much "whether to" as it is "when to."

The industry is chalking up record or near-record earnings just now. But its leaders point out that operating costs are rising. Also, steel users are clamoring so urgently for more metal that the steel mills see another round of expansion ahead—and they say must get the money for it out of higher prices.

The demand is so strong — presumably for months ahead—that the mills expect little opposition from their customers.

Record Productions
The busy steel mills are chalking up record production and record sales. Their profits glow against the fairly somber 1954 background. The first 17 steel and iron companies, big and small, to report show combined net income after taxes of \$174,429,571 for the first nine months of 1955. This is a whopping 107.4 per cent increase over the \$84,099,660 earned by the same companies in the like period of 1954.

In discussing their need for higher prices, steel executives stress two things:
First, profit margins from now on will reflect the rising labor costs due to last Summer's wage scale hike, and also will reflect the increasing costs of materials and transportation.

Must Expand Capacity
Second, the steel industry must expand its capacity. And new facilities are much more costly to build now than were the present mills.

The steel executives argue that they must have higher prices to keep profit margins sufficient to attract investment capital and make the new expansion program possible.

The last price hike, right after the wage boost last Summer, averaged out at \$7.35 a ton.

Most leaders expect present prices, in general, to hold the rest of this year—with some few steel products moving up. Some look for a general price hike early next year. Others see it more likely by midyear.

FIREMEN SAVE FIREMEN
ATLANTA (P) — A fire station caught fire yesterday and firemen from another station put out the blaze.

The firemen at station 12 in the northeast section were too busy saving equipment and personnel property to do any fire fighting.

So men from station 6 extinguished the fire.

The blaze started when a gasoline tank on a stalled truck exploded and sprayed burning gasoline over the two-story building.

FOOTBALL CONTEST

THREE BIG PRIZES
In
MERCHANDISE!

In every advertisement on this page you will find the name of a prominent football game scheduled to be played this week. Can you figure which team will win? To the persons naming the most winners, providing they have complied with all of the rules printed at your right, will go three merchandise prizes, good at any of the cooperating firms. Compare the respective abilities of the competing teams and decide, in your mind, which will win. And read the advertisements carefully that you may fill out your entry blank correctly.

PRIZES IN MERCHANDISE

Contest Rules

1. The football contest is open to everyone, except employees of The Gettysburg Times.
2. Contestants are required to obtain an entry blank from one of the firms advertising on this page. There is no charge for these blanks and no purchase need be made to obtain one. Merely visit one of the firms and ask for a "Gettysburg Times Football Contest Blank."
3. No contestant may submit more than one entry a week under his or any other name.
4. All entries must be received in The Gettysburg Times office before 5 p.m. on the Friday of the week the games are to be played.
5. In case of ties the winner will be the individual whose estimate in the "Feature Game" is the closest to the total points scored by those two teams.
6. Follow instructions printed on the entry blanks closely to avoid disqualification.
7. Names of prize winners will be announced in the news columns of The Gettysburg Times on the Wednesday following the playing of the games.
8. Contest winners will receive by mail merchandise certificates equivalent to amount of prize.

SMITH FORESEES FLOOD CONTROL AND AID NEEDS

WASHINGTON (AP)—Sen. H. Alexander Smith (R-N.J.) calls for quick action towards controlling future floods as well as assisting those persons who already have suffered "intolerable" financial losses.

"It is time action was taken to assist those whose financial losses have been intolerable," Smith said in a statement Sunday. "It is time that steps are taken to control future floods in New Jersey and elsewhere."

He noted that the Northeast states were hit by "tragic loss of lives and of property" twice within the last three months.

Plan Relief Proposals

Various government agencies, Smith said, are "doing all that is possible under present laws to assist the disaster areas and now are planning for new relief proposals which will be submitted to the Con-

Prison Releases Nazi War Lord

LANDSBERG, Germany (AP)—Former Col. Gen. Sepp Dietrich, commander of the 6th SS Panzer army involved in the Malmédy massacre of American troops, was secretly released from the U. S. war crimes prison here Saturday, it was learned Monday.

Dietrich had been sentenced to life imprisonment by a U. S. military tribunal after the war. After being freed, Dietrich left by automobile for Ludwigsburg, where he will make his home.

gress.

"I wish to pledge my complete and wholehearted support to such measures as the administration deems necessary, and I hope that early action will be taken next January."

On another subject, Smith expressed opposition to the sale of arms "by any outside country" to either Egypt or Israel.

The senator's opinion was given Sunday in a letter written to Max Harned, president of the Greater Newark, N. J., Zionist District.

MORNING MAIL REVEALS STORE OF MISCELLANY

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open the morning mail: That more than 1,200,000 Americans are blind in one eye.

That, while the U. S. dollar may not be worth 100 cents, it has been worth a lot less many times in the past than it is now. In 1787, the year the American Constitution was drafted, national credit was down to zero and a dollar was worth just two cents.

That adults average three colds a year, but children have nearly twice that many. Don't let the little runny-nosed monsters near you. Carry an umbrella, if necessary, to fend them off.

Nine To One Odds On A Kiss

That, on the other hand, tests have shown you can kiss your sweetheart when she has a cold — and the odds are nine to one you won't catch a cold yourself.

That Japan's cement industry is now fifth largest in the world. Banzai!

That one way to help hold down your weight is to eat more slowly. This enables your blood sugar to rise and satisfy your hungry feeling before you finish your plate and start reaching for a second helping.

That a Scottish book firm which has published nearly 2,500,000 copies of the classics reports the all-time favorite is "David Copperfield," by Charles Dickens. Next in popularity is "Pride and Prejudice," by Jane Austen.

Wood Supply Is Sufficient

That while America needs more trees, the world itself still has more than enough timber to supply its present population. As a matter of fact, only a third of the earth's wooded areas are now being exploited.

That more than 100 American newspapers now run weekly fashion columns for men telling them how to dress well. Wonder who reads them most—wives or husbands?

That the West Coast film colony is serving as the guinea pig for the introduction of a new drink called "The Matador." The recipe: a jigger of tequila, two jiggers of pineapple, a squeeze of lime, and crushed ice. Stir like crazy, then serve, Chico.

"Stone Fence" Devotes

That our revolutionary forebears liked a drink called "The

Stone Fence"—made of cider and applejack.

That many Americans like to pretend to have things they don't actually own. A survey by popular electronics magazine found that of 100 homes with TV antennas 7 had no TV sets, and that of every 100 cars sporting aerials 12 had no radios!

That a survey on the employment of women found more were dismissed for being discourteous or uncooperative than for not doing their work well. This could start an argument!

Decries Mother Editors

That the National Assn. of Gag-writers is advising aspiring young comedians: "Don't let your mother edit your jokes." Personally, we have the opposite opinion. Some of the jokes comedians tell are enough to make their mothers cry.

That French champagne producers believe the 1955 grape harvest was one of the best vintage crops of the 20th century—but they won't be certain until 1959 or 1960, when tasting time comes around.

That two out of three people who are seriously worried because they feel they have symptoms of heart disease have nothing organically wrong with their hearts at all.

That it was actor Paul Coates of "Confidential File" who remarked: "Many people think they're thinking when they're really only rearranging their prejudices."

Next time you bake soft molasses cookies try sandwiching some of them together in pairs with cream cheese. Serve at once for a teatime treat.

Adams County Cows Produced \$2,893,675 In Milk In 1954

Adams County's income from milk topped \$2,893,675 during 1954 according to the Pennsylvania Association of Milk Dealers which released the following:

The county's 11,500 cows produced a record 69,575,000 pounds of milk valued at \$2,859,500. County dairies had another \$34,175 payroll to hand their employees.

This sum, said Henry R. Geisinger, executive vice president, PAMD, once more points out the tremendous economical value of the dairy industry to Adams County and Pennsylvania.

State Ranks Fifth

Because our state is so industrialized, with steel and other industries gaining much more prominence, few Pennsylvanians realize the Commonwealth ranks fifth as a milk producing state and third as a milk consuming state in the nation even though it is only 32nd in area size.

Geisinger added one in every 40 families in Pennsylvania is dependent upon milk or milk products for a large share of their income. He stated the annual income from milk in Pennsylvania exceeded \$405,000,000 during 1954.

\$279,482,000 Revenue
Pennsylvania dairy farmers alone received \$279,482,000 for their 6,156,000 pounds of milk in 1954. Geisinger continued, which represents a great achievement for the

45,715 dairy farm families who work long hours, seven days a week, doing their share in assisting milk companies to place on our doorsteps as high quality milk as can be found anywhere in the nation.

Explains Multiple Value

Actually, Geisinger concluded, the milk dollars spent by Pennsylvania's consuming public have multiple value. Besides keeping Pennsylvania cash registers ringing, milk and milk products do more to keep Pennsylvania healthy than any other comparable food product, while adding extra taste enjoyment to any meal.

The average cow in a year produces roughly about 5,300 pounds, or 2,500 quarts of milk. In Pennsylvania this average production per cow increased during 1954 to 6,500 pounds. In Pennsylvania there was an average number of 947,000 cows milked daily compared to the national figure of 25 million cows. Total milk production in the USA during 1954 came to 123,502,000,000 pounds as compared to 6,156,000,000 pounds.

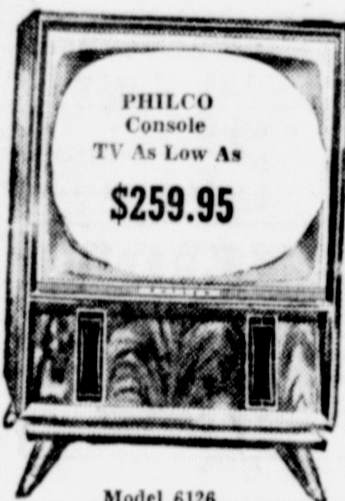

42.3 PER CENT PASSING MARK
MORGANTOWN, W. Va. (AP)—Freddie Wyant, West Virginia's star quarterback, has entered his fourth varsity season with a 42.3 percentage on pass completions. He completed 132 passes in 312 attempts for 2,043 yards.

SMITH FORESEES FLOOD CONTROL AND AID NEEDS

WASHINGTON (AP)—Sen. H. Alexander Smith (R-N.J.) calls for quick action towards controlling future floods as well as assisting those persons who already have suffered "intolerable" financial losses.

"It is time action was taken to assist those whose financial losses have been intolerable," Smith said in a statement Sunday. "It is time that steps are taken to control future floods in New Jersey and elsewhere."

He noted that the Northeast states were hit by "terrible loss of lives and of property" twice within the last three months.

Plan Relief Proposals

Various government agencies, Smith said, are "doing all that is possible under present laws to assist the disaster areas and now are planning for new relief proposals which will be submitted to the Congress."

Prison Releases Nazi War Lord

LANDSBERG, Germany (AP)—Former Col. Gen. Sepp Dietrich, commander of the 6th SS Panzer army involved in the Malmédy massacre of American troops, was secretly released from the U. S. war crimes prison here Saturday, it was learned Monday.

Dietrich had been sentenced to life imprisonment by a U. S. military tribunal after the war.

After being freed, Dietrich left by automobile for Ludwigsburg, where he will make his home.

grees.

"I wish to pledge my complete and wholehearted support to such measures as the administration deems necessary, and I hope that early action will be taken next January."

On another subject, Smith expressed opposition to the sale of arms "by any outside country" to either Egypt or Israel.

The senator's opinion was given Sunday in a letter written to Max Harnett, president of the Greater Newark, N. J., Zionist District.

MORNING MAIL REVEALS STORE OF MISCELLANY

By HAL ROYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open the morning mail:

That more than 1,200,000 Americans are blind in one eye.

That, while the U. S. dollar may not be worth 100 cents, it has been worth a lot less many times in the past than it is now. In 1787, the year the American Constitution was drafted, national credit was down to zero and a dollar was worth just two cents.

That adults average three colds a year, but children have nearly twice that many. Don't let the little runny-nosed monsters near you. Carry an umbrella, if necessary, to fend them off.

Nine To One Odds On A Kiss

That, on the other hand, tests have shown you can kiss your sweetheart when she has a cold—and the odds are nine to one you won't catch a cold yourself.

That Japan's cement industry is now fifth largest in the world. Banzai!

That one way to help hold down your weight is to eat more slowly. This enables your blood sugar to rise and satisfy your hungry feeling before you finish your plate and start reaching for a second helping.

That a Scottish book firm which has published nearly 2,500,000 copies of the classics reports the all-time favorite is "David Copperfield," by Charles Dickens. Next in popularity is "Pride and Prejudice," by Jane Austen.

Wood Supply Is Sufficient

That while America needs more trees, the world itself still has more than enough timber to supply its present population. As a matter of fact, only a third of the earth's wooded areas are now being exploited.

That more than 100 American newspapers now run weekly fashion columns for men telling them how to dress well. Wonder who reads them most—wives or husbands?

That the West Coast film colony is serving as the guinea pig for the introduction of a new drink called "The Matador." The recipe: a jigger of tequila, two jiggers of pineapple, a squeeze of lime, and crushed ice. Stir like crazy, then serve, Chico.

"Stone Fence" Devotes

Stone Fence"—made of cider and applejack.

That many Americans like to pretend to have things they don't actually own. A survey by popular electronics magazine found that of 100 homes with TV antennas 7 had no TV sets, and that of every 100 cars sporting aerials 12 had no radios!

That a survey on the employment of women found more were dismissed for being discourteous or uncooperative than for not doing their work well. This could start an argument!

Decries Mother Editors

That the National Assn. of Gag-writers is advising aspiring young comedians: "Don't let your mother edit your jokes." Personally, we have the opposite opinion. Some of the jokes comedians tell are enough to make their mothers cry.

That French champagne producers believe the 1955 grape harvest was one of the best vintage crops of the 20th century—but they won't be certain until 1959 or 1960, when tasting time comes around.

That two out of three people who are seriously worried because they feel they have symptoms of heart disease have nothing organically wrong with their hearts at all.

That it was actor Paul Coates of "Confidential File" who remarked: "Many people think they're thinking. When they're really only rearranging their prejudices."

Next time you bake soft molasses cookies try sandwiching some of them together in pairs with cream cheese. Serve at once for a teatime treat.

Adams County Cows Produced \$2,893,675 In Milk In 1954

Adams County's income from milk topped \$2,893,675 during 1954 according to the Pennsylvania Association of Milk Dealers which released the following:

The county's 11,500 cows produced a record 69,575,000 pounds of milk valued at \$2,859,500.

County dairies had another \$34,175 payroll to hand their employees.

This sum, said Henry R. Geisinger, executive vice president, PAMD, once more points out the tremendous economical value of the dairy industry to Adams County and Pennsylvania.

State Ranks Fifth

Because our state is so industrialized, with steel and other industries gaining much more prominence, few Pennsylvanias realize the Commonwealth ranks fifth as a milk producing state and third as a milk consuming state in the nation even though it is only 32nd in area size.

Geisinger added one in every 40 families in Pennsylvania is dependent upon milk or milk products for a large share of their income. He stated the annual income from milk in Pennsylvania exceeded \$405,000,000 during 1954.

\$279,482,000 Revenue

Pennsylvania dairy farmers alone received \$279,482,000 for their fourth variety season with a 42.3 percent increase in 1954. Geisinger continued, which represents a great achievement for the

45,715 dairy farm families who work long hours, seven days a week, doing their share in assisting milk companies to place on our doorsteps as high quality milk as can be found anywhere in the nation.

Explains Multiple Value

Actually, Geisinger concluded, the milk dollars spent by Pennsylvania's consuming public have multiple value. Besides keeping Pennsylvania cash registers ringing, milk and milk products do more to keep Pennsylvania healthy than any other comparable food product, while adding extra taste enjoyment to any meal.

The average cow in a year produces roughly about 5,300 pounds, or 2,500 quarts of milk. In Pennsylvania this average production per cow increased during 1954 to 6,500 pounds. In Pennsylvania there was an average number of 947,000 cows milked daily compared to the national figure of 25 million cows.

Total milk production in the USA during 1954 came to 123,502,000,000 pounds as compared to 6,156,000,000 pounds.

42.3 PER CENT PASSING MARK

MORGANTOWN, W. Va. (AP)—Freddie Wyant, West Virginia's star quarterback, has entered his fourth varsity season with a 42.3 percentage on pass completions. He completed 132 passes in 312 attempts for 2,043 yards.

SMITH FORESEES FLOOD CONTROL AND AID NEEDS

WASHINGTON (AP)—Sen. H. Alexander Smith (R-N.J.) calls for quick action towards controlling future floods as well as assisting those persons who already have suffered "intolerable" financial losses.

"It is time action was taken to assist those whose financial losses have been intolerable," Smith said in a statement Sunday. "It is time that steps are taken to control future floods in New Jersey and elsewhere."

He noted that the Northeast states were hit by "tragic loss of lives and of property" twice within the last three months.

Plan Relief Proposals

Various government agencies, Smith said, are "doing all that is possible under present laws to assist the disaster areas and now are planning for new relief proposals which will be submitted to the Congress."

Prison Releases Nazi War Lord

LANDSBERG, Germany (AP)—Former Col. Gen. Sepp Dietrich, commander of the 6th SS Panzer army involved in the Malmédy massacre of American troops, was secretly released from the U. S. war crimes prison here Saturday, it was learned Monday.

Dietrich had been sentenced to life imprisonment by a U. S. military tribunal after the war. After being freed, Dietrich left by automobile for Ludwigsburg, where he will make his home.

"I wish to pledge my complete and wholehearted support to such measures as the administration deems necessary, and I hope that early action will be taken next January."

On another subject, Smith expressed opposition to the sale of arms "by any outside country" to either Egypt or Israel.

The senator's opinion was given Sunday in a letter written to Max Harnett, president of the Greater Newark, N. J., Zionist District.

MORNING MAIL REVEALS STORE OF MISCELLANY

By HAL BOYLE
NEW YORK (AP)—Things a columnist might never know if he didn't open the morning mail: That more than 1,200,000 Americans are blind in one eye.

That, while the U. S. dollar may not be worth 100 cents, it has been worth a lot less many times in the past than it is now. In 1787, the year the American Constitution was drafted, national credit was down to zero and a dollar was worth just two cents.

That adults average three colds a year, but children have nearly twice that many. Don't let the little runny-nosed monsters near you. Carry an umbrella, if necessary, to fend them off.

Nine To One Odds On A Kiss

That, on the other hand, tests have shown you can kiss your sweetheart when she has a cold—and the odds are nine to one you won't catch a cold yourself.

That Japan's cement industry is now fifth largest in the world. Bananas!

That one way to help hold down your weight is to eat more slowly. This enables your blood sugar to rise and satisfy your hungry feeling before you finish your plate and start reaching for a second helping.

That a Scottish book firm which has published nearly 2,500,000 copies of the classics reports the all-time favorite is "David Copperfield," by Charles Dickens. Next in popularity is "Pride and Prejudice," by Jane Austen.

Wood Supply Is Sufficient

That while America needs more trees, the world itself still has more than enough timber to supply its present population. As a matter of fact, only a third of the earth's wooded areas are now being exploited.

That more than 100 American newspapers now run weekly fashion columns for men telling them how to dress well. Wonder who reads them most—wives or husbands?

That the West Coast film colony is serving as the guinea pig for the introduction of a new drink called "The Matador." The recipe: a jigger of tequila, two jiggers of pineapple, a squeeze of lime, and crushed ice. Stir like crazy, then serve, Chloé.

Stone Fence"—made of elder and applejack.

That many Americans like to pretend to have things they don't actually own. A survey by popular electronics magazine found that of 100 homes with TV antennas 7 had no TV sets, and that of every 100 cars sporting aerials 12 had no radios!

That a survey on the employment of women found more were dismissed for being discourteous or uncooperative than for not doing their work well. This could start an argument!

Decries Mother Editors

That the National Assn. of Gag-writers is advising aspiring young comedians: "Don't let your mother edit your jokes." Personally, we have the opposite opinion. Some of the jokes comedians tell are enough to make their mothers cry.

That French champagne producers believe the 1955 grape harvest was one of the best vintage crops of the 20th century—but they won't be certain until 1959 or 1960, when tasting time comes around.

That two out of three people who are seriously worried because they feel they have symptoms of heart disease have nothing organically wrong with their hearts at all.

That it was actor Paul Coates of "Confidential File" who remarked: "Many people think they're thinking, when they're really only rearranging their prejudices."

Adams County Cows Produced \$2,893,675 In Milk In 1954

Adams County's income from milk topped \$2,893,675 during 1954 according to the Pennsylvania Association of Milk Dealers which released the following:

The county's 11,500 cows produced a record 69,375,000 pounds of milk valued at \$2,859,500.

County dairies had another \$34,175 payroll to hand their employees.

This sum, said Henry R. Geisinger, executive vice president, PAMD, once more points out the tremendous economical value of the dairy industry to Adams County and Pennsylvania.

State Ranks Fifth
Because our state is so industrialized, with steel and other industries gaining much more prominence, few Pennsylvanians realize the Commonwealth ranks fifth as a milk producing state and third as a milk consuming state in the nation even though it is only 32nd in area size.

Geisinger added one in every 40 families in Pennsylvania is dependent upon milk or milk products for a large share of their income. He stated the annual income from milk in Pennsylvania exceeded \$405,000,000 during 1954.

\$279,482,000 Revenue
Pennsylvania dairy farmers alone received \$279,482,000 for their 6,156,000,000 pounds of milk in 1954. Geisinger continued, which represents a great achievement for the

45,715 dairy farm families who work long hours, seven days a week, doing their share in assisting milk companies to place on our doorsteps as high quality milk as can be found anywhere in the nation.

Explains Multiple Value
Actually, Geisinger concluded, the milk dollars spent by Pennsylvania's consuming public have multiple value. Besides keeping Pennsylvania cash registers ringing, milk and milk products do more to keep Pennsylvania healthy than any other comparable food product, while adding extra taste enjoyment to any meal.

The average cow in a year produces roughly about 5,300 pounds, or 2,500 quarts of milk. In Pennsylvania this average production per cow increased during 1954 to 6,500 pounds. In Pennsylvania there was an average number of 947,000 cows milked daily compared to the national figure of 25 million cows. Total milk production in the USA during 1954 came to 123,502,000,000 pounds as compared to 6,156,000,000 pounds.

JUDGE ISSUES INJUNCTION; GETS THREAT

PITTSBURGH (AP)—A telephoned bombing threat kept detectives on an all-night vigil at the home of a Pittsburgh judge who yesterday issued an injunction restraining mass picketing at two struck Pittsburgh plants of the Westinghouse Electric Corp.

The threat was made about an hour after Judge Henry X. O'Brien issued the injunction against the CIO International Union of Electrical Workers.

The caller told the police switchboard the judge's home would be bombed before midnight. Earlier the judge's housekeeper was warned by telephone to "tell him (the judge) we will get him if he signs the order."

O'Brien said he was not inclined to take the threat seriously.

Some 44,000 CIO-IUE members struck eight days ago, idling 30 of 98 Westinghouse plants across the nation in a dispute over wages, length of contract and company time studies.

Resume Negotiations Today

Negotiations were slated to resume today. The restraining order by Judge O'Brien was granted at the request of the company. It covers picketing at Westinghouse's big East Pittsburgh plant and its manufacturing and service shop in nearby Homewood.

The order forbids acts of violence by either side and emphasizes there shall be no "impeding, obstructing, tampering or interfering with the business of the plaintiff." It does not limit the number of pickets at the plants.

Serve your young people orange juice when they want a mid-morning or mid-afternoon cool drink. Recent studies show that both boys and girls of 13 and 14 years were deficient in Vitamin C—the vitamin that citrus fruits furnish in abundance.

SPARROW IS APLY NAMED

GARDEN CITY, N. Y. (AP)—Guy Sparrow is aptly named. As soon as he finished playing baseball for Lake Charles, La., in the Class C Evangeline League he joined the

New York Knickerbockers for the National Basketball Assn. campaign. He's a 6 foot 5 forward who averaged 23 points a game with the University of Detroit last season. The Knicks made him their No. 1 draft choice.

FAN LOSES RELIEF

STATESVILLE, N. C. (AP)—Blanche Ikard, of Statesville reported earlier this month that her \$64 welfare check was stolen while she was in New York attending the World Series.

The Iredell County Welfare Department said yesterday it she could travel to see the World Series she didn't need help from the Welfare Department and discontinued her payments.
